

3 More Minster High School Youths Killed In Crash

CELINA, Ohio (AP) — St. Augustines Catholic Church in Minster lost three young parishioners early Sunday and Minster High School has lost three more students.

One of the dead, James J. Quinlin, 16, narrowly escaped death last March when a car plowed into a group of Minster High students and killed eight of them.

Jeffrey E. Bruns, 17, and Thomas E. Meiring, 16, members of the church and schoolmates at Minster along with Quinlin, also died when the car in which they all were riding skidded out of control 295 feet before slamming into a utility pole and crashing into a tree.

Mercer County Sheriff's deputies said James E. Dues, 17, told them he was driving the car but could not relate how the accident happened. He had been under heavy sedation at Coldwater Community Hospital, Coldwater, where he was reported in guarded condition Sunday night with possible head injuries. Dues was seriously injured in the March accident. Another passenger, Stephen D. Sommer, 20, also is in Coldwater Hospital in serious condition with multiple lacerations and bruises, the hospital reported.

Sommer and Bruns reportedly had worked late before the accident in a local pizza parlor operated by Sommer's father. Quinlin, a member of the Minster football team and the National Honor Society, had been helping out with parking at the school basketball game Saturday night.

Meiring, a member of the school's

journalist's club and on the yearbook staff, and Dues had reportedly been working with Quinlin at the basketball game.

Funeral services will be at 10 a.m., noon, and 2 p.m. Thursday in St. Augustine's for Quinlin, Bruns and Meiring respectively. Burial will be in the church cemetery.

"What a shame, what a shame. I just can't get over it. I'm still in a state of shock," said their principal, Stanley Shopa, of the latest tragedy which happened on Ohio 703 just south of Celina.

The fatal accident March 7 occurred when a group of Minster High School pupils, part of a nine-car caravan, got out of their cars at a rural Mercer County intersection to decide where they would celebrate a basketball victory.

Eight of the students were killed and three, including Dues, were injured when a car ran a stop sign as it came over a hill toward the intersection.

The driver of the car, John Kremer, 21, pleaded no contest to one count of vehicular homicide during a half-hour trial in Celina Municipal Court last month. His license was suspended for one year and he was fined \$300 for court costs.

While the trial judge noted that the teenagers should not have been beside the road, he said he was convinced Kremer failed to stop for the sign.

Quinlin leaves his parents and four sisters and brothers; Bruns is survived by his parents and four brothers and sisters; and Meiring leaves parents and eight brothers and sisters.

Cook Plans Fight Against Demotion

COLUMBUS, Ohio (AP) — Former state highway safety director Donald D. Cook planned to go to Gov. James A. Rhodes today with a letter announcing he will fight his demotion by Rhodes. Then, Cook said, he will make the letter public.

Cook would not say what was in the letter, but he said, "When you're right, you fight. That's what I intend to do."

Rhodes reassigned Cook to supervision of the crime prevention office. Bureau of Motor Vehicles Registrar Curtis Andrews was renamed deputy director of the transportation department. Andrews accepted his new assignment.

Cook said Sunday he was not concerned about what might be revealed if there were an investigation into the department's operations. He said he would welcome such a probe to "clear the record."

Cook also said he could not understand why Rhodes would not discuss the reassignment with him directly, but instead dealt with him through advisers.

Cook and Andrews fought for eight months over allegations that Andrews was insubordinate. Accusations by Cook included one that Andrews had shut down a 24-hour crime data gathering system used by the Highway Patrol and local police agencies.

The system was put back into round-

the-clock operation Friday night.

"I ordered it weeks ago," Cook told the Elyria Chronicle-Telegram in a copyrighted story. "Patrol wanted it. Police wanted it. How come they can do it in less than one day after they fire me and they couldn't do it for weeks after I ordered it done? That's the insubordination I was talking about."

The governor's reassignments in the Transportation Department led to the resignations of two officials, including Rhodes' brother-in-law, David B. Ewing.

Ewing quit Friday as deputy director of highway safety. Roger Wachendorf also resigned from an administrative assistant post in the Bureau of Motor Vehicles.

Ewing said he believes incoming Highway Safety Director Robert M. Chiaramonte should be able to select his own staff, but added he will remain if Chiaramonte wants him.

Wachendorf called for a state Senate investigation into an alleged coverup of BMV activities.

"The entire BMV episode and the coverup by the governor's office is both shameful and disgraceful," Wachendorf said.

"The governor and his associates had been told on numerous occasions of the deplorable conditions of the BMV. However, these revelations were covered up and no action was ever taken.

Thieves Rummage Through LE, McDowell Buildings

Damage estimates from the Logan Elm High School and McDowell Exchange School have yet to be totaled, according to Pickaway County Deputy Sheriff Jim Dixon, who is investigating the weekend break-in at the adjacent schools on the Tarlton Road.

Apparently nothing was taken at the high school, and only a pocket tape recorder was missing from the McDowell School although the thieves ransacked desks, offices and lockers and broke into three safes.

The break-ins occurred after 10 p.m. Saturday and were discovered 9:15 a.m. Sunday by Logan Elm basketball coach Butch Kobel.

Deputy Dixon could find no signs of forced entry. It is believed the thieves entered the high school building by climbing through an unlatched window in the gymnasium.

A hammer-like tool was used to knock combination locks from lockers. Contents were scattered onto the floor. The thieves broke a window glass to gain entry into the coach's office.

In the hallway, a picture of the 1975 graduating class of Logan Elm High School was broken, and the print was torn.

Thieves broke a door window to gain entry to Room 16, and door window to get in the main office.

Desks in the office were ransacked, a walk-in safe was checked, and a small safe was pried open.

Deputy Dixon also found holes in a storage room.

The thieves apparently broke a large

pane of glass from double doors to gain entry to the McDowell School. They ransacked desks in the main office and principal's office and took the tape recorder from the desk of school principal David Gleason.

While breaking one of the panes of glass, one of the thieves apparently cut his arm seriously enough to require the use of a first aid kit.

They also broke glass to gain entry to the library and the office of District Food Supervisor, Jewell Hinton. The typewriter, adding machine, and clock in Mrs. Hinton's office were damaged.

In the Logan Elm district office, the thieves broke more glass, broke into a file cabinet, and pried open a safe.

Sheriff Dwight Radcliff, Detective Don Thompson, and agents from London's Bureau of Criminal Investigation and Identification aided Deputy Dixon in the investigation.

Two men were charged with tampering with a coin machine at Porter's Laundromat, 1175 N. Court St.

They were apparently caught in the act by Circleville Police Ptl. Kenny Henn and arrested by Deputy Sheriff Jim Deal.

The men are Timothy Tharp, 19, 888 N. Court St. and Ervin Dumm, 19, Route 1, Amanda.

Deputy Deal said the men apparently used an opener to open five bottles of soft drinks in the soft drink machine. They apparently caught the contents in an empty bottle and consumed it. Loss is estimated at \$1.25.

The incident occurred 2:30 a.m. Sunday.

Demos Choose Leaders

WASHINGTON (AP) — House Democrats picking new leaders today were certain to elect Rep. Thomas P. O'Neill as House speaker, but they had to settle a tight race for House majority leader among four candidates battling to succeed O'Neill.

The legislative leaders being chosen today will be working with a president of their own party for the first time in eight years.

O'Neill, of Massachusetts, had no opposition to succeed retiring Speaker Carl Albert of Oklahoma, who has held the post since 1971.

The apparent front-runner for majority leader, the No. 2 spot, was Rep. Phillip Burton of California, the hard-driving, ambitious chairman of the Democratic Caucus.

But Burton was pressed hard by Reps. Richard Bolling of Missouri, a parliamentary expert who has written extensively on the problems of the House, and Jim Wright of Texas, who has long worked on the fringes of the leadership and who appeals to the party center.

The fourth candidate, Rep. John J. McFall of California, now holds the third-ranking position of whip. But he was expected to be the first eliminated. His campaign, slow to get off the ground, was dealt a blow by the recent disclosure that he received \$4,000 from South Korean businessman Tongsun Park.

McFall said Park asked for no favors and that the money was put in his office account and used for official purposes only.

The decision was not likely until late today, after a series of votes eliminated the contenders one by one. Voting was by secret ballot.

At a Sunday session with newly elected Democrats, O'Neill sought to quash reports that he would be unhappy with Burton as a team-mate — as well as to settle any doubts as to who would be in charge.

"I can work with any member you elect," O'Neill told the freshmen. "No member is going to push Tip O'Neill around if he's in the second spot. Once you give me the leadership role, I'll be the leader — and make no mistake about it."

The give-and-take with the new members disclosed concern with two issues. One is Congress' poor public image, further dimmed by sex and payroll scandals earlier this year and the disclosures of gifts and favors to

several members by Korean interests.

There was also questioning about how a Democratic-controlled Congress that increasingly asserted its independence during eight years of Republican rule in the White House would relate to the Democratic administration of Jimmy Carter, who has

plans of his own.

Burton, who appeared with the other three candidates for majority leader on NBC's "Meet the Press," urged new members not to set up "office accounts," the unofficial accounts made up of leftover campaign contributions and gifts from friends.

Bolling called for a stronger code of ethics, more extensive financial disclosure and control of lobbying. But he said public dissatisfaction with Congress goes beyond ethical considerations and into concern with the lawmakers' performance in solving national problems.

Toy Hazards Campaign Opens

By LOUISE COOK
Associated Press Writer

Warning: that cuddly looking teddy bear may be hazardous to your health.

That's the message from the Consumer Product Safety Commission, which has started another holiday campaign on toy safety.

Americans are expected to spend an estimated \$5 billion on toys and games in the coming Christmas season alone. They also will spend about \$20 million on Christmas tree lights — 35 million sets of them, according to the commission.

Toy manufacturers started gearing up for the holiday early this year. Some 5,000 new items — many of them linked to popular television shows — were on display last February at the American Toy Fair in New York and the products are now on store shelves across the country.

Sales of toys, games and Christmas ornaments are expected to set a record this year, according to David A. Miller, president of the Toy Manufacturers of America. Miller has estimated that this year's sales will be 6 to 8 per cent higher than last year's.

While the manufacturers and retailers worry about profits, the safety commission worries about possible hazards. The federal agency estimates that 150,000 children will be seriously injured as a result of accidents with toys this year.

The commission has the authority to ban dangerous toys such as those containing rigid wires and sharp points. That includes stuffed animals and dolls that might appear harmless, but contain hidden dangers.

Until two years ago, the commission issued a list of banned toys and

volunteers patrolled stores looking for hazardous products. The list was dropped, however, and the commission says it has no plans to reinstate it, despite the protests of some consumer groups.

A commission spokesman said the banned toy list had several drawbacks. First, it was difficult to keep the list up to date. By the time the list was printed and distributed, some of the items already had been withdrawn from the market or changed in design to eliminate the hazard. This led to potential legal problems.

In addition, the spokesman said, the list was actually misleading to some people who assumed that any toy not on the list was automatically classified

as safe. Not so. Many toys simply were not tested at all because of lack of money and staff.

The commission is now concentrating on educating the public with a variety of promotional efforts.

There are specific safety standards for some toys, mainly those involving electricity. All electrical toys must be labeled with a warning message and a minimum age recommendation. No item with a heating element may be recommended for children under eight. Some hobby items, such as woodburning kits, may reach very high temperatures and may not be recommended for children under 12.

All warning statements that appear on the toy or package must appear in the instructions as well.

Birth Control Pill Brochure Pondered

WASHINGTON (AP) — Women who buy birth control pills soon will also get a brochure from their pharmacists that lists the hazards and benefits of the medication, the Food and Drug Administration says.

The FDA announced Sunday it plans to require that a new brochure be given to each of the 8 million to 10 million American women who use the pill. The brochures would be supplied by drug companies to pharmacists, who would enclose one each time a woman got a new or renewal prescription.

The brochure will explain the health hazards that have been linked to the pill. Until now, such information has been available from a woman's doctor only if she requested it.

It will also tell women that the pill has been shown to be the most effective contraceptive on the market. The new brochure would advise women that birth control pills:

—Should not be taken by women over the age of 40 because of the increased risk of heart attacks.

—Should never be taken by pregnant women because they may injure the fetus.

—Should be discontinued three months before a woman tries to

become pregnant, to avoid potential birth defects.

—Should be discontinued at least four weeks before any type of surgery that would involve increased risk of blood clotting or prolonged bed rest, because pill users are four to six times more likely to have blood clots after surgery than those not on the pill.

—Appear to be associated with nonmalignant liver tumors which, although rare, can be fatal if they rupture and result in internal bleeding.

—Have not been linked to cancer, although women taking them should be carefully monitored by their doctors for abnormal uterine bleeding and lumps in the breasts.

The FDA's proposed brochure would say that birth control pills are more effective than any other form of contraception, short of surgical sterilization, and would compare the risks of the pill with other methods as well as the risks of pregnancy itself.

Drug companies also would be required to expand the summary of information included in every pill packet, and to make major revisions in information about the pill distributed to physicians within 120 days.

COLUMBUS, Ohio (AP) — When you purchase your Christmas tree this year, you may not realize you are contributing to a major business.

According to William Cowen, extension forester at The Ohio State University, said the National Christmas Tree Growers Association reported 35 million natural Christmas trees sold last year in this country.

The association said the annual value of the trees is \$70 million, but by the time they get to the retail level, this figure reaches \$210 million.

FROSTY — Frigid temperatures Saturday night and Sunday morning created an alluring "frosty" affect on trees and shrubs.

Coleman May Put Off Air Bags

WASHINGTON (AP) — Transportation Secretary William T. Coleman Jr. was expected to decide against requiring auto makers to install air bags as safety devices on new cars.

Sources said Coleman, who was to announce his decision today, probably would suggest that more testing be done on the controversial devices before they are installed. The sources said he also probably will urge that states adopt laws that require motorists to buckle their seat belts to protect them in any accident.

The secretary's announcement about air bags comes after he held public hearings in August where opponents and proponents argued the merits of the device and whether the cost outweighed the potential benefits.

The secretary gave notice earlier that he was giving heavy weight to the philosophical question of how far the government should go to protect lazy and careless drivers from themselves.

AMA Eyes National Health Insurance

PHILADELPHIA (AP) — The American Medical Association's House of Delegates appears divided over what form of national health insurance to support — if any.

"With the approach of a new Congress and a new Administration, the Board of Trustees has undertaken an extensive review of national health insurance," said a report to the AMA's 30th clinical convention.

"The reason: It is important that the position of the association be made clear at an early date."

AMA officials fear that if they don't support some form of insurance, Congress will pass one they oppose.

The urgency stems at least in part from concern that President-elect Carter, who has endorsed national health insurance, will move early in his administration toward introducing legislation on the subject.

"Let me say, right off, that the presidential election has made our future a good deal foggy as a profession," said Dr. Richard E. Palmer, president of the AMA, at the opening session on Sunday.

The AMA supports a version of national health insurance that would give workers the option of joining and which would operate through the private insurance industry, with no payroll tax.

The AMA's Board of Trustees, in a special report to the delegates, recommended that this support be continued.

But several delegations have filed resolutions opposing AMA support for

any form of national health insurance. These include delegations from Nebraska, Louisiana, Illinois, South Carolina and New Mexico.

On the other side, a joint resolution supporting the official AMA stand was introduced by the Maine, Vermont, New Hampshire, Massachusetts, Connecticut and Rhode Island delegations.

The AMA is opposed to the insurance proposal backed by organized labor and introduced in the last Congress by Sen. Edward M. Kennedy, D-Mass., and Rep. James C. Corman, D-Calif. The Kennedy-Corman system would be mandatory and not involve private firms.

"We cannot face the issue by turning our backs to it," Palmer said. "If we are to offer nothing in the way of NHI (national health insurance) legislation, we run the terrible risk of getting clobbered with everything. Everything would be the Kennedy-Corman bill, all at once or blow by blow."

Markets

NEW YORK (AP) — The stock market churned ahead in active trading today, responding to expectations of early moves by the administration of President-elect Carter to stimulate the economy.

The Dow Jones average of 30 industrial stocks rose about a point in the early going. Advances took a 3-2 lead over declines among New York Stock Exchange-listed issues.

Bertram Lance, Carter's future director of the Office of Management and Budget, said over the weekend he saw a tax cut as a strong likelihood.

Carter himself said today, however, that he was not yet convinced a tax reduction would be needed. He told reporters it was too soon to know exactly what measures he might need to pep up the economy as he takes over at the White House.

Today's early prices included Texas Oil & Gas, up 1/4 at 27; Gulf Oil, ahead 1/4 at 28 1/2; and AMF, unchanged at 19.

On Friday, the Dow Jones industrial average rose 3.91 to 950.55, reducing its net loss for the week to 6.07 points.

Gainers outpaced losers by more than a 2-1 margin among NYSE issues, and the exchange's composite index added .33 to 55.20.

Big Board volume came to 22.64 million shares.

At the American Stock Exchange, the market value index rose .79 to 100.15.

Billy Carter Goes After Mayor's Job

PLAINS, Ga. (AP) — Just 36 days after Jimmy Carter defeated an incumbent to win the presidency, his younger brother Billy faced his own election test today, seeking to oust the mayor of Plains.

Billy is challenging Mayor A.L. Blanton of Plains, an air traffic controller and parttime barber. Carter's platform stresses resistance to the change that President-elect Carter's status has brought to this crossroads town with a population of 683.

It will be the second political campaign for Billy Carter. He lost to Blanton two years ago by six votes and is not optimistic about his chances now.

"I gain a few votes by the Carter name, but I think I'll lose more because some people think, because the Carters run the country, why should they run Plains," Billy Carter said.

He commented in an interview that was repeatedly interrupted by tourists asking him to pose for photographs or to sign autographs. They even pursued him when he retreated to the back room of his filling station to sit on a stack of beer cases and chat with a reporter.

The younger Carter has often expressed anguish at the congestion and commercialization that accompanied his brother's rise to fame.

He said his principal task as mayor would be to retain restrictive zoning laws to prevent "outside money" from taking over. He said he would discourage changes that would mar the town's placid character.

Cincinnati Lays Off 200 Workers

CINCINNATI (AP) — Police officer Greg Guy begrudgingly turned in his badge and revolver Saturday night—a victim of a massive budget-cutting layoff which left 200 city workers looking for new jobs.

"I feel cheated. Like they gave me a taste of something, then took it away," said Guy, who had been a member of the police force more than two years.

The City of Cincinnati, faced with a projected \$12.7 million deficit in 1977 after voters recently rejected a city earnings tax, furloughed 94 policemen, 67 firemen and 51 sanitation workers over the weekend.

Newly-installed Mayor James Luken said the drastic action points up the increasing budget dilemmas facing cities around the country.

"You can't watch these things happening in New York and cities all around you and think it's not going to happen to you," said Luken, who took office Dec. 1.

Unhappily, Luken noted, "it came two or three years earlier than I expected."

Luken does not see cutbacks as the longterm solution.

"Mass layoffs merely allow the city to make ends meet—temporarily," said Luken. "I do not subscribe to the theory that 'beheading is the proper way to cure a headache.'"

The financial crisis has Luken fearing for the future of this city of 435,000. Long a model of fiscal stability, Cincinnati has been caught in the economy crunch.

Hearing Slated On Sale Dates

COLUMBUS, Ohio (AP) — A public hearing is scheduled Monday in Columbus to give consumers an opportunity to recommend the method by which a sale date will be placed on packages of certain perishable goods.

Ohio agriculture director John M. Stackhouse said a new state law affects food products with the manufacturer, processor or packager has determined to have a quality assurance period of 30 days or less.

The new law does not apply to fresh fruits and vegetables nor to meat or poultry. The U.S. Department of Agriculture has adopted a voluntary open dating program which prohibits states from imposing mandatory open dating on prepackaged meats.

restraints such as air bags on all cars; or change the law to require auto makers to offer passive restraints on some cars.

The bags have been around for years, and General Motors has sold several thousand cars with the bags as an option. The devices have become favorites of auto-safety crusaders who believe seat belts will never be effective because too many passengers do not use them.

The auto industry opposed air bag requirements, while the insurance industry supported the devices. Auto makers contended the devices were unproven and expensive and that seat belts offered the same or better protection at less cost, if drivers would buckle up.

The government estimated that air bags or other such restraints could save as many as 9,000 lives and prevent 500,000 serious injuries a year if all cars were equipped with the devices. Seat belts also would save about 9,000 lives a year at a lower cost — but only if all drivers and front seat passengers used them.

More than 30,000 persons die each year in auto accidents.

Blue Cross Wins Rate Increase

COLUMBUS, Ohio (AP) — Blue Cross of Central Ohio has been granted a \$1.28 a month rate increase affecting subscribers covered by the Blue Cross Medi-Fill program, the company said Friday.

The increase, approved by the state Department of Insurance, will go into effect on Feb. 1, imposing increases on about 37,500 subscribers in the 29-county service area, from the present \$3.20 to \$4.48 per month.

The Medi-Fill contract covers deductible and co-insurance amounts not paid by Medicare Part A hospital insurance. The increase corresponds with increases in benefit amounts payable through federal Medicare effective Jan. 1, Blue Cross said.

Howard C. Franz, Blue Cross plan president, said Blue Cross has been experiencing losses on the Medi-Fill classification since 1973.

Police Chief May Retire 2nd Time

MABSCOTT, W.Va. (AP) — Police Chief Boyd Hutchinson says he's thinking of retiring, but at 73 he isn't sure he's ready for a life of leisure. He already tried retirement once — and just didn't take to it.

"I wouldn't recommend this work for just anybody," Hutchinson said. "But after you get into it, you can't get out."

His first retirement came two years ago and lasted about three months. According to a city councilman, "The people missed him so bad they talked him into coming back. Things just didn't seem the same."

But Hutchinson, a widower who has been a policeman for 24 years and chief for 14, said it was more a case of his missing his job.

"It gives me something to do," he said. "I don't hunt or fish or lay around beer joints. I just couldn't stare at the walls, so I came back."

Hutchinson admitted he doesn't encounter many serious problems in Mabscott, a town of 1,500 in the southern West Virginia coalfields. But he works seven hours a day, seven days a week, and he said there's enough going on to keep him busy.

Mabscott has a drunkard or two, and there are always kids to keep out of trouble. When more serious situations arise, Hutchinson said, "I can handle them."

He is 6-foot-2 and weighs 230 pounds, and when there are villains on the loose, he doesn't shy away from throwing a punch.

"If I have to run them down, I can do that too," he said.

But mostly, Hutchinson said, he enforces the speed limit.

He worked for the state highway department and as a bus driver before going into police work, and he said he just won't tolerate a speeder.

"The town has a 25 mile per hour speed limit," he said. "One mile over that and it's a fine."

But some townspeople said Hutchinson isn't really so coldhearted. According to one resident, "as you pass through town and you see a husky man smiling and shaking his finger at you, that means to slow down."

Coleman May Put Off Air Bags

WASHINGTON (AP) — Transportation Secretary William T. Coleman Jr. was expected to decide against requiring auto makers to install air bags as safety devices on new cars.

Sources said Coleman, who was to announce his decision today, probably would suggest that more testing be done on the controversial devices before they are installed. The sources said he also probably will urge that states adopt laws that require motorists to buckle their seat belts to protect them in any accident.

The secretary's announcement about air bags comes after he held public hearings in August where opponents and proponents argued the merits of the device and whether the cost outweighed the potential benefits.

The secretary gave notice earlier that he was giving heavy weight to the philosophical question of how far the government should go to protect lazy and careless drivers from themselves.

Air bags are designed to protect this segment of the population.

Air bags are inflatable devices that pop out of the dashboard or steering wheel when a car is in an accident. The cushion catches the driver and front seat passengers and keeps them from hitting the car interior.

The bags inflate in less than one twenty-fifth of a second and deflation begins immediately after inflation stops. The whole process takes less than a second.

Before announcing his decision, Coleman was known to be considering five possible courses of action: keep the present law that allows manufacturers to offer passive safety devices such as air bags and take no further action; keep the present law but require that air bags be tested further; keep the present law but urge states to adopt laws requiring drivers to use their seat belts; change the law to require auto makers to offer passive

restraints such as air bags on all cars; or change the law to require auto makers to offer passive restraints on some cars.

The bags have been around for years, and General Motors has sold several thousand cars with the bags as an option. The devices have become favorites of auto-safety crusaders who believe seat belts will never be effective because too many passengers do not use them.

The auto industry opposed air bag requirements, while the insurance industry supported the devices. Auto makers contended the devices were unproven and expensive and that seat belts offered the same or better protection at less cost, if drivers would buckle up.

The government estimated that air bags or other such restraints could save as many as 9,000 lives and prevent 500,000 serious injuries a year if all cars were equipped with the devices. Seat belts also would save about 9,000 lives a year at a lower cost — but only if all drivers and front seat passengers used them.

More than 30,000 persons die each year in auto accidents.

AMA Eyes National Health Insurance

PHILADELPHIA (AP) — The American Medical Association's House of Delegates appears divided over what form of national health insurance to support — if any.

"With the approach of a new Congress and a new Administration, the Board of Trustees has undertaken an extensive review of national health insurance," said a report to the AMA's 30th clinical convention.

"The reason: It is important that the position of the association be made clear at an early date."

AMA officials fear that if they don't support some form of insurance, Congress will pass one they oppose.

The urgency stems at least in part from concern that President-elect Carter, who has endorsed national health insurance, will move early in his administration toward introducing legislation on the subject.

"Let me say, right off, that the presidential election has made our future a good deal foggy as a profession," said Dr. Richard E. Palmer, president of the AMA, at the opening session on Sunday.

The AMA supports a version of national health insurance that would give workers the option of joining and which would operate through the private insurance industry, with no payroll tax.

The AMA's Board of Trustees, in a special report to the delegates, recommended that this support be continued.

But several delegations have filed resolutions opposing AMA support for

any form of national health insurance. These include delegations from Nebraska, Louisiana, Illinois, South Carolina and New Mexico.

On the other side, a joint resolution supporting the official AMA stand was introduced by the Maine, Vermont, New Hampshire, Massachusetts, Connecticut and Rhode Island delegations.

The AMA is opposed to the insurance proposal backed by organized labor and introduced in the last Congress by Sen. Edward M. Kennedy, D-Mass., and Rep. James C. Corman, D-Calif. The Kennedy-Corman system would be mandatory and not involve private firms.

"We cannot face the issue by turning our backs to it," Palmer said. "If we are to offer nothing in the way of NHI (national health insurance) legislation, we run the terrible risk of getting clobbered by everything. Everything would be the Kennedy-Corman bill, all at once or blow by blow."

CINCINNATI (AP) — Police officer Greg Guy begrudgingly turned in his badge and revolver Saturday night—a victim of a massive budget-cutting layoff which left 200 city workers looking for new jobs.

"I feel cheated. Like they gave me a taste of something, then took it away," said Guy, who had been a member of the police force more than two years.

The City of Cincinnati, faced with a projected \$12.7 million deficit in 1977 after voters recently rejected a city earnings tax, furloughed 94 policemen, 67 firemen and 51 sanitation workers over the weekend.

Newly-installed Mayor James Luken said the drastic action points up the increasing budget dilemmas facing cities around the country.

"You can't watch these things happening in New York and cities all around you and think it's not going to happen to you," said Luken, who took office Dec. 1.

Unhappily, Luken noted, "it came two or three years earlier than I expected."

Luken does not see cutbacks as the longterm solution.

"Mass layoffs merely allow the city to make ends meet—temporarily," said Luken. "I do not subscribe to the theory that 'beheading is the proper way to cure a headache.'"

The financial crisis has Luken fearing for the future of this city of 435,000. Long a model of fiscal stability, Cincinnati has been caught in the economy crunch.

Markets

NEW YORK (AP) — The stock market churned ahead in active trading today, responding to expectations of early moves by the administration of President-elect Carter to stimulate the economy.

The Dow Jones average of 30 industrial stocks rose about a point in the early going. Advances took a 3-2 lead over declines among New York Stock Exchange-listed issues.

Bertram Lance, Carter's future director of the Office of Management and Budget, said over the weekend he saw a tax cut as a strong likelihood.

Carter himself said today, however, that he was not yet convinced a tax reduction would be needed. He told reporters it was too soon to know exactly what measures he might need to pep up the economy as he takes over at the White House.

Today's early prices included Texas Oil & Gas, up 1/4 at 27; Gulf Oil, ahead 1/4 at 28 1/4, and AMF, unchanged at 19.

On Friday, the Dow Jones industrial average rose 3.91 to 950.55, reducing its net loss for the week to 6.07 points.

Gainers outpaced losers by more than a 2-1 margin among NYSE issues, and the exchange's composite index added .33 to 55.20.

Big Board volume came to 22.64 million shares.

At the American Stock Exchange, the market value index rose .79 to 100.15.

Hearing Slated On Sale Dates

COLUMBUS, Ohio (AP) — A public hearing is scheduled Monday in Columbus to give consumers an opportunity to recommend the method by which a sale date will be placed on packages of certain perishable goods.

Ohio agriculture director John M. Stackhouse said a new state law affects food products with the manufacturer, processor or packager has determined to have a quality assurance period of 30 days or less.

The new law does not apply to fresh fruits and vegetables nor to meat or poultry. The U.S. Department of Agriculture has adopted a voluntary open dating program which prohibits states from imposing mandatory open dating on prepackaged meats.

Mainly About People

Mary K. Harris, 347 E. Logan St., has been dismissed from University Hospital, Columbus.

Mrs. Edith Russell is recuperating after her dismissal from Berger Hospital at the home of her daughter and son-in-law, Mr. and Mrs. Russell Collins, 5593 Tarlton Road.

Marvin Widmar is a coronary patient at Mt. Carmel West Medical Center in Columbus.

George Kerns, 631 Clinton St., is a patient in Riverside Hospital, Columbus. He is in room 403.

Blue Cross Wins Rate Increase

COLUMBUS, Ohio (AP) — Blue Cross of Central Ohio has been granted a \$1.28 a month rate increase affecting subscribers covered by the Blue Cross Medi-Fill program, the company said Friday.

The increase, approved by the state Department of Insurance, will go into effect on Feb. 1, imposing increases on about 37,500 subscribers in the 29-county service area, from the present \$3.26 to \$4.46 per month.

The Medi-Fill contract covers deductible and co-insurance amounts not paid by Medicare Part A hospital insurance. The increase corresponds with increases in benefit amounts payable through federal Medicare effective Jan. 1, Blue Cross said.

Howard C. Franz, Blue Cross plan president, said Blue Cross has been experiencing losses on the Medi-Fill classification since 1973.

Police Chief May Retire 2nd Time

MABSCOTT, W.Va. (AP) — Police Chief Boyd Hutchinson says he's thinking of retiring, but at 73 he isn't sure he's ready for a life of leisure. He already tried retirement once — and just didn't take to it.

"I wouldn't recommend this work for just anybody," Hutchinson said. "But after you get into it, you can't get out."

His first retirement came two years ago and lasted about three months. According to a city councilman, "The people missed him so bad they talked him into coming back. Things just didn't seem the same."

But Hutchinson, a widower who has been a policeman for 24 years and chief for 14, said it was more a case of his missing his job.

"It gives me something to do," he said. "I don't hunt or fish or lay around beer joints. I just couldn't stare at the walls, so I came back."

Hutchinson admitted he doesn't encounter many serious problems in Mabscott, a town of 1,500 in the southern West Virginia coalfields. But he works seven hours a day, seven days a week, and he said there's enough going on to keep him busy.

Mabscott has a drunkard or two, and there are always kids to keep out of trouble. When more serious situations arise, Hutchinson said, "I can handle them."

He is 6-feet-2 and weighs 230 pounds, and when there are villains on the loose, he doesn't shy away from throwing a punch.

"If I have to run them down, I can do that too," he said.

But mostly, Hutchinson said, he enforces the speed limit.

He worked for the state highway department and as a bus driver before going into police work, and he said he just won't tolerate a speeder.

"The town has a 25 mile per hour speed limit," he said. "One mile over that and it's a fine."

But some townspeople said Hutchinson isn't really so coldhearted. According to one resident, "as you pass through town and you see a husky man smiling and shaking his finger at you, that means to slow down."

A Page Of Opinion

Toward A Full Review

Economy in government, whether by a new or old administration, has become an increasingly difficult goal to achieve because of the growing complexity of the federal structure and the frequently overlapping duties and responsibilities of the various departments and agencies.

A new reorganization commission, tooled with an adequate staff and time to make an exhaustive study of the federal establishment, is the key to a meaningful overhaul.

But if such a commission were to be established by Mr. Carter immediately upon his

inauguration, it could be several years before results might be obtained and acted upon by Congress.

In the meantime, since it is generally agreed that widespread waste and duplication do exist, one immediate approach to containing the natural impetus of government to self-perpetuation and growth is to insure that no agency is engaging in business other than that which was intended under the authority which established the body.

Missions and situations change, sometimes more rapidly than the agency responsible. It is a favorite

bureaucratic tactic simply to point the agency in a new direction and continue to expand toward a new horizon.

That is where the concept of zero budgeting comes in. Instead of Congress and the executive branch concerning themselves only with additional appropriation requests from an agency, under zero budgeting the agency must justify each dollar spent from the first to the last.

It is more time consuming, but it is also a good way of digging out some of the deadwood and duplication otherwise overlooked.

Presidency Too Big

By JIM BISHOP

The presidency, at this stage in history, is unmanageable. From the time of Franklin Roosevelt's second term the responsibilities and the grasp for additional power have altered the office of Chief Executive to a point where the few do not know what the many are doing.

In 1937, FDR appointed a half-dozen aides and used 40 full-time stenographers and file clerks. At an interview with Dwight D. Eisenhower in 1956, he told me that the president was responsible for "154 bureaus, agencies and administrations."

He found it impossible to remember all of them, or the names of the persons he had appointed to head them. In the Ford Administration, 500 persons worked full time in the White House and 1,600 more in the Executive Office Building across the street.

This is in addition to the huge departments administered by members of the Cabinet, all of whom are responsible to the president. In this nation, our president is also titular head of his political party, and must concern himself with the campaigns of

friendly Representatives and Senators.

He is the overseer of all overseers. The position has been called a man-killer. In my studies of presidents, I have never known one who did not seek more power, more responsibilities. Major legislation is not devised in the House. White House lawyers, in many cases, do the original drafting of bills. A president may be sly, secretive, scheming, conspiratorial. Who will investigate him? He heads the Department of Justice, the F.B.I. and the C.I.A. When President Lyndon Johnson sought additional war-making powers by declaring that a U.S. Navy ship had been attacked in the Gulf of Tonkin, was any admiral prepared to stand and say it didn't happen?

No. The president promotes admirals, and generals too. When Richard Nixon thwarted the will of Congress by impounding \$12 billion, it required two years of work by Senator Sam Ervin to find out who had the money and why it hadn't been spent. Ervin had lots of clout.

The National Park Service paid the

salaries of Nixon's valet and maid after he had resigned. The Pentagon, according to Morton Mintz and Jerry Cohen in "Power Inc.," spends an incredible \$35 million a year just to keep the White House communications system in repair.

Nothing is more abused in Washington than the TOP SECRET rubber stamp. It is thumped on thousands of innocuous papers every day, including lunch expense accounts and much for flower beds.

President Harry S. Truman started the secrecy with an executive order issued on Sept. 24, 1951. Eisenhower broadened it. Nixon, a truly secretive man, made a study of presidential secrecy and found that 13,000 persons in the White House and 30,000 in the Pentagon are empowered to mark any document TOP SECRET.

Today over 100 million papers repose in filing cabinets marked secret. This was not enough. President Eisenhower in 1954 invoked the doctrine of "Executive Privilege." He said that the president and the millions of executive employees should be able to communicate with each other and advise each other, safe in the knowledge that it "is not in the public interest that such conversations and communications be disclosed."

In 1958, Attorney General William Rogers broadened Executive Privilege. "Questions which the Constitution and laws leave to the Executive, or which are in their nature political, are not for the courts to decide, and there is no power in the courts to control the president's discretion or decision with respect to such questions."

Eisenhower's letter did not have the effect of law. Neither did the Rogers manifesto. Neither was tested in court until Richard Nixon fell into the pit. It was he who subscribed to Executive Privilege to a point where the President felt he was beyond law and redress.

Surely he wasn't deliberately trying to commit political suicide when he and his august counsellors schemed, plotted, laundered money and bugged everybody. If Nixon had not believed in his right to secrecy, he surely would have burned all the tapes the day Alexander Butterfield mentioned them.

The presidency, as it stands, is a staggering affront to any man's mentality and morality. No man can be truly efficient in a post which leads downward to hundreds of departments and bureaus beyond comprehension.

The work load should be trimmed back until it is manageable. Most of all, the president should understand that he is the servant of the people, not their autocratic master.

Rhodes Makes Appointments

COLUMBUS, Ohio (AP) — Two judgeship appointments were announced Friday by Gov. James A. Rhodes.

The governor named Fred A. Murray to the bench of the Hocking County Court in Logan and Edwin C. Johnston as judge of the Probate and Juvenile Division of the Hocking County Common Pleas Court.

Both fill resignations which are effective Dec. 31.

Murray, 67, a lawyer and former Logan city solicitor and county prosecutor, succeeds James E. Stilwell, and Johnston, 47, also an attorney and former city solicitor, takes over for Rhea B. Brown.

In other appointments, Rhodes named:

—LaMar D. Christy Jr., 59, Fremont, to the Terra Technical College Board of Trustees, succeeding Rowland J. Purdy, whose term expires Dec. 21.

—Robert C. Winzeler, 45, Montpelier, to another term on the Water and Sewer Rotary Commission.

—Dr. Daniel M. Murphy, 59, Marion, to the Workmen's Compensation Advisory Council, succeeding Dr. Edmund Ley, who died Nov. 1.

"He'd never DARE do that if we were home!"

Speaking Of Your Health

by Lester L. Coleman, M.D.

I know I have gout. I can go along for months without any trouble and suddenly, without any apparent reason, it flares up. I've never been able to track down the reason. Have you any ideas?

Mr. H. F., Ga.

Dear Mr. F.:

One of the characteristics of gout is that attacks can recur at unpredictable intervals. An injury, an infection, overindulgence in alcohol or in certain types of foods, and even some drugs, may precipitate an attack of gout. Sometimes people with a gouty tendency may have an episode following surgery. Gout is a disturbance in the manufacture and retention of uric acid. It occurs to me that since you have a predisposition to gout why aren't you taking the excellent drugs that can reduce the accumulation of uric acid in your blood?

What importance is it if a child constantly develops black and blue marks over her body even without serious injury? Otherwise she is in excellent health.

Mrs. H. R., Pa.

Dear Mrs. R.:

Grand Jury Secrecy Could Be Changed

COLUMBUS, Ohio (AP) — The chairman of a House judiciary subcommittee is expected to submit legislation in January to take some of the traditional secrecy out of grand jury proceedings in Ohio.

Rep. Dennis E. Eckart, D-18 Euclid, said over the weekend that while his committee's report on the subject is not complete, he thinks reform is needed to update archaic procedures to assure accused lawbreakers of due process.

Eckart said he is optimistic about picking up Republican support for his group's proposals, particularly from Rep. Alar E. Norris, R-27 Westerville, who headed a committee of the Ohio Constitutional Revision Commission which made some of the same findings. They are expected to come up for a vote before the revision commission at its meeting next Tuesday.

Eckart's subcommittee and Norris' Committee on Civil and Grand Juries both recommend permitting grand jury witnesses to have a lawyer at their side when testifying, and prohibiting prosecutors from withholding so-called "exculpatory

Such discoloration often may happen to young, active children who may injure themselves even slightly in play. The black and blue marks are caused by small collections of blood under the skin. Tiny blood vessels are broken and the discoloration, known as "ecchymoses," is caused by the seepage of blood.

If such marks are extensive and seem unrelated to any kind of injury, then a study of the blood is necessary. Highly complex tests can show deficiencies of the blood-clotting mechanism and reveal any tendency towards unusual bleeding.

Is a spur on the heel a form of arthritis? How can the pain be relieved? Mr. D. L., Calif.

Dear Mr. L.:

Spurs are deposits of calcium in the tendons of the muscles of the heel. They are not considered a form of arthritis. Those who have them testify how painful they can be unless they are protected by rubber and foam rubber soles to avoid further injury.

Surgery is very beneficial in cases that cannot be controlled by protective measures.

evidence" which might tend to show the defendant was innocent.

The Euclid lawmaker, like Norris, an attorney, wants to also require transcripts of grand jury proceedings, empower grand juries to initiate investigations and hire independent investigators, and to raise grand jurors' pay—now \$5 a day and five cents a mile for travel.

Eckart said he doesn't yet have agreement in his own subcommittee on the latter recommendations, but indicated he will include them in a bill he is having drafted for introduction during the first week of the new legislature starting Jan. 3.

However, not everyone shares Eckart's views.

Michael Foley of Dublin, executive director of the Ohio Prosecuting Attorneys Association, defended the concept of secrecy in grand jury deliberations and described the proposals as "not necessary or appropriate."

Foley said prosecutors would be reluctant to have attorneys in the proceedings if there were no effective means to restrict "the scope of advice an attorney could give." He also suggested that the requirement was not necessary because traditionally, "and jurors hear testimony that is not admissible as evidence at a trial."

Eckart would need two-thirds votes in both the Senate and House, since the proposed changes would be constitutional amendments. Eventually, they would have to go to the statewide ballot.

'Ugliest Dog' Wins Supporters

CINCINNATI (AP) — Norman may be ugly, but he sure has become popular since his picture was published.

The Society for the Prevention of Cruelty to Animals had called Norman "the ugliest dog in the world."

But after picture was published in a local paper and distributed by The Associated Press, the SPCA reported that "we got tons of mail."

Norman was adopted quickly, but for days letters poured in from places as far away as Toronto and Santa Barbara, Calif.

"We even got one letter from a writer in Indianapolis who was extremely upset that we called the dog ugly," said Norbert Mahlman, SPCA general manager. "The writer said no dog was ugly, and if that was the way people in Cincinnati talked about dogs, he was never coming to the city again."

I know I have gout. I can go along for months without any trouble and suddenly, without any apparent reason, it flares up. I've never been able to track down the reason. Have you any ideas?

Mr. H. F., Ga.

One of the characteristics of gout is that attacks can recur at unpredictable intervals. An injury, an infection, overindulgence in alcohol or in certain types of foods, and even some drugs, may precipitate an attack of gout. Sometimes people with a gouty tendency may have an episode following surgery. Gout is a disturbance in the manufacture and retention of uric acid. It occurs to me that since you have a predisposition to gout why aren't you taking the excellent drugs that can reduce the accumulation of uric acid in your blood?

What importance is it if a child constantly develops black and blue marks over her body even without serious injury? Otherwise she is in excellent health.

Mrs. H. R., Pa.

Dear Mrs. R.:

Grand Jury Secrecy Could Be Changed

COLUMBUS, Ohio (AP) — The chairman of a House judiciary subcommittee is expected to submit legislation in January to take some of the traditional secrecy out of grand jury proceedings in Ohio.

Rep. Dennis E. Eckart, D-18 Euclid, said over the weekend that while his committee's report on the subject is not complete, he thinks reform is needed to update archaic procedures to assure accused lawbreakers of due process.

Eckart said he is optimistic about picking up Republican support for his group's proposals, particularly from Rep. Alar E. Norris, R-27 Westerville, who headed a committee of the Ohio Constitutional Revision Commission which made some of the same findings. They are expected to come up for a vote before the revision commission at its meeting next Tuesday.

Eckart's subcommittee and Norris' Committee on Civil and Grand Juries both recommend permitting grand jury witnesses to have a lawyer at their side when testifying, and prohibiting prosecutors from withholding so-called "exculpatory

Such discoloration often may happen to young, active children who may injure themselves even slightly in play. The black and blue marks are caused by small collections of blood under the skin. Tiny blood vessels are broken and the discoloration, known as "ecchymoses," is caused by the seepage of blood.

If such marks are extensive and seem unrelated to any kind of injury, then a study of the blood is necessary. Highly complex tests can show deficiencies of the blood-clotting mechanism and reveal any tendency toward unusual bleeding.

Is a spur on the heel a form of arthritis? How can the pain be relieved?
Mr. D. L., Calif.

Spurs are deposits of calcium in the tendons of the muscles of the heel. They are not considered a form of arthritis. Those who have them testify how painful they can be unless they are protected by rubber and foam rubber sponges to avoid further injury.

Surgery is very beneficial in cases that cannot be controlled by protective measures.

Dear Mr. L.:

The Euclid lawmaker, like Norris, an attorney, wants to also require transcripts of grand jury proceedings, empower grand juries to initiate investigations and hire independent investigators, and to raise grand jurors' pay—now \$5 a day and five cents a mile for travel.

Eckart said he doesn't yet have agreement in his own subcommittee on the latter recommendations, but indicated he will include them in a bill he is having drafted for introduction during the first week of the new legislature starting Jan. 3.

However, not everyone shares Eckart's views.

Michael Foley of Dublin, executive director of the Ohio Prosecuting Attorneys Association, defended the concept of secrecy in grand jury deliberations and described the proposals as "not necessary or appropriate."

Foley said prosecutors would be reluctant to have attorneys in the proceedings if there were no effective means to restrict "the scope of advice an attorney could give." He also suggested that the requirement was not necessary because traditionally, "and jurors hear testimony that is not admissible as evidence at a trial."

Eckart would need two-thirds votes in both the Senate and House, since the proposed changes would be constitutional amendments. Eventually, they would have to go to the statewide ballot.

'Ugliest Dog' Wins Supporters

CINCINNATI (AP) — Norman may be ugly, but he sure has become popular since his picture was published.

The Society for the Prevention of Cruelty to Animals had called Norman "the ugliest dog in the world."

But after picture was published in a local paper and distributed by The Associated Press, the SPCA reported that "we got tons of mail."

Norman was adopted quickly, but for days letters poured in from places as far away as Toronto and Santa Barbara, Calif.

"We even got one letter from a writer in Indianapolis who was extremely upset that we called the dog ugly," said Norbert Mahlman, SPCA general manager. "The writer said no dog was ugly, and if that was the way people in Cincinnati talked about dogs, he was never coming to the city again."

Three People Injured In Accidents

Three people were injured in traffic accidents investigated by the Pickaway County Sheriff's Department Saturday and Sunday.

David C. Pinson, 22, Sidney, was treated by the Circleville Emergency Medical Team for a minor laceration to his left forearm following an 11:55 a.m. Saturday accident on Route 22 at the Route 23 exit ramp.

Deputy Sheriff Jim Dixon said Pinson was exiting from Route 23 onto Route 22 west when he failed to stop at the stop sign and was involved in a collision with a car driven by Evelyn F. Howell Route 1, Williamsport.

Pinson was charged with failing to stop for a stop sign. Ten-year-old John R. Wines, 5784 Durrett Road, Orient, suffered an abrasion to his face following a 4:15 p.m. Sunday accident on Durrett Road, eight-tenths of a mile west on Route 104.

He was a passenger in a car driven

by Diana L. Wines, 29.

According to the report of Deputy Tim Hasselbring, Mrs. Wines was driving west on Durrett Road when she collided with a car driven by Keith Kauffeld, 30, 5519 Durrett Road.

Kauffeld was apparently backing his pick-up truck from a driveway when the brakes failed.

Paula M. Horn, 16, 12576 Park Road,

Orient, suffered a bump on her head in an 8:59 p.m. Sunday accident on Clark Road.

According to Deputy Hasselbring, Mrs. Horn was driving east when she apparently looked away from the road to adjust the heater or radio in her car when she hit a parked auto owned by George J. Holinga, 234 Clark Road, Orient.

GRA-Y CAMPERS — The Gra-Y of the Pickaway County YMCA held a camp-in Friday night at the YMCA building on E. Franklin St. The group traveled to the Chillicothe YMCA early in the evening for swimming, games, movies, and other activities. The Tri-Gra-Y recently held a camp-in at the Y during which 75 girls were in attendance.

State Penitentiary Hanging On

COLUMBUS, Ohio (AP) — High crime and the state money crunch have virtually wiped out hopes that the crumbling old State Penitentiary in downtown Columbus will be torn down in the near future.

Instead of being under a wrecker's ball, as many officials would like, workmen are putting new locks in six cell blocks in preparation for a possible influx of another 400-500 inmates next year.

George F. Denton, chief of the rehabilitation and corrections department, said a decision is expected early next year on whether to begin using the 142-year stone prison as a reception center for the medium security Ohio State Reformatory at Mansfield.

Denton said a decision had been anticipated by now, but that a recent slackening in demands for space to receive new inmates at Mansfield caused it to be put off.

About 800 inmates already are housed in the facility which is being used as a reception center for other newly sentenced inmates coming into the prison system. They usually stay about four weeks while being classified and assigned to various institutions around the state. Mansfield operates its own reception center.

The Columbus prison's hospital-medical clinic remained open in 1972 when the remainder of the facility was shut down and its prisoners transferred to the maximum security Southern Ohio Correctional Facility at Lucasville, near Portsmouth. It is still open.

Joseph Ashley, the department's communications chief, said currently, workmen are reinstalling locks in six cellblocks that can house an additional 750 inmates. He said officials expect the work to be done sometime in January.

After that, he said the decision will be made as to what to do about Mansfield which in recent months has had to set aside enough of its facilities to accommodate up to 500 new temporary prisoners awaiting classification and assignment.

However, Ashley said the incoming prisoner contingent at Mansfield slacked off recently—dropping from 491 earlier in the fall to about 200 currently—prompting Denton to defer opening of the renovated cellblocks at Columbus.

"It's still up in the air a little bit," said Ashley, adding that "the pressure has eased up, for the moment."

However, most officials generally agree that it won't be possible to level the Columbus prison, at least in the foreseeable future, due to overcrowding at other state facilities.

At Lucasville, the population is 2,280 in an institution built for 1,620. There are now about 2,500 at Mansfield, about 600 more than the intended maximum of 1,800.

Miss Susan Marie Wright Weds Jeffrey Alan Davis

MRS. AND MRS. JEFFREY ALAN DAVIS

Williamsport United Methodist Church was the setting for the wedding of Miss Susan Marie Wright and Mr. Jeffrey Alan Davis. The Rev. Richard Crosby performed the double ring service 7:30 p.m., Nov. 13.

The altar table held an arrangement of orange carnations, white snowdrift mums and bronze daisies, centered with a chunk candle. At the base of the candelabra flanking the altar were fireside baskets with rust daisies and snowdrift mums. The center aisle was illuminated with single tapers in tall holders decorated with bows in fall shades which were repeated to mark the pews.

The bride is the daughter of Mr. and Mrs. Warren W. Wright, Williamsport. Parents of the bridegroom are Mr. and Mrs. Robert L. Davis, 12543 Clark Drive, Orient.

A program of music preceding the ceremony was presented by Mrs. James Mowery, organist and Mr. David Valone, vocalist.

The bride, given in marriage by her father and mother, selected for her wedding a white qiana A-line gown with an empire waist accented with lace. The bodice featured a cameo neckline with a sheer yoke and long cardinal sleeves edged in deep lace. The skirt edged with tiny lace appliques flowed gracefully into a chapel length train. The bride's elbow length veil was edged in pearls and she carried a forget-me-not bouquet of sonya roses, snowdrift mums, orange carnations, brown bunny tails and baby's breath, accented with a brown velvet bow with long streamers.

Maid of honor was Miss Amy Ashcraft. She was attired in a peach gown with a cameo neckline, knit halter and rust velvet long sleeved jacket. She carried a forget-me-not bouquet of sonya roses, orange carnations, rust daisies, snowdrift mums and baby's breath accented with brown velvet ribbon. She wore a headpiece of snowdrift mums, baby's breath and a peach rose. Her only jewelry was an opal necklace.

Miss Kathie Hartley, a cousin of the bridegroom, was bridesmaid. She was gowned identically to the honor at-

tendant and wore a matching headpiece of flowers.

Mr. Doug Williams performed the duties of best man for his friend. Ushers were Mr. Wayne Wright, brother of the bride, and Mr. Bruce Rose, brother of the bridegroom.

The bride's mother wore a jade green gown of Italian knit with an accented pleated skirt. Her corsage was of sonya roses, white carnations with a brown velvet bow.

The bridegroom's mother chose a beige taffeta gown with a sheer overdress with a brown floral print. Her corsage was of white carnations, sonya roses and a brown velvet bow.

A reception at the home of the bride's parents followed the ceremony. A five tiered cake decorated with white icing and peach roses was topped with kissing angels. Greenery and flowers surrounded the cake at the base. The bride's bouquet added to the table decorations.

Hostesses were Miss Shirley Fields, Mrs. Carleton Hartley, Mrs. Stan Collins, Mrs. Donald McDill and Mrs. Charles Nolty.

As the couple left for a wedding trip to Florida where they visited Disney World, Cypress Gardens and other attractions, the bride wore a rust corduroy pantsuit accented with a turtleneck sweater of rust, black and white. The couple now resides at 23821 Locust Grove Road, Williamsport.

The bride and bridegroom are both graduates of Westfall High School and are employed by Wright Lumber Inc. Out-of-town guests at the wedding were from Columbus, Hilliard, Plain City, Circleville, Cincinnati, Clarks Lakes, Grove City, Mt. Sterling, Ashville and Portsmouth.

Circleville Junior Women Hold Annual Holiday Party

Circleville Junior Women's Club met Thursday in the basement of St. Joseph's Catholic Church for its annual Christmas carry-in dinner and craft auction with 27 members and husbands as guests. Also present were three associate members, Mr. and Mrs. Leo Hall, Dr. and Mrs. James River, and Mrs. Ron Kay. A prospective member, Mrs. Larry Logan and her husband, were also guests.

Mrs. John Ratcliff, president, welcomed the guests and presided over a brief business session. Mrs. Paul Kowalski, membership chairman, conducted roll call with members answering with what they want for Christmas.

The tables were decorated with Christmas candles and miniature wreaths. Holiday punch centered the

serving table at the side of a decorated Christmas tree.

After the dinner Larry Lewis conducted the craft auction which included items club members made and donated for the special event.

Mrs. Ricky Collins Fetes With Shower

A baby shower was held recently at the K of P lodge hall in Stoutsville honoring Mrs. Ricky (Theresa) Collins. Hostesses were Ms. Diane Johnson, Miss Lynn Hedges and Miss Debbie Collins.

Games were played with prizes won by Mrs. Dulice Newland and Mrs. Esther Collins. Refreshments of cake, mints, nuts, and punch were served.

Guests included: Betty Brungs, Theda Collins, Dulice Newland, May Valentine, Wanda Collins, Chris Collins, Recise VanFossen, Diane Massie, Brenda Davis, Tillie Teets, Rhonda Daniels and Michelle, Pauline Smith, Virginia Swayer, Sue Collins and Jennifer, Mary Jane Skinner, Donna Valentine.

The bridegroom's mother chose a beige taffeta gown with a sheer overdress with a brown floral print. Her corsage was of white carnations, sonya roses and a brown velvet bow.

A reception at the home of the bride's parents followed the ceremony. A five-tiered cake decorated with white icing and peach roses was topped with kissing angels. Greenery and flowers surrounded the cake at the base. The bride's bouquet added to the table decorations.

Hostesses were Miss Shirley Fields, Mrs. Carleton Hartley, Mrs. Stan Collins, Mrs. Donald McDill and Mrs. Charles Nolty.

As the couple left for a wedding trip to Florida where they visited Disney World, Cypress Gardens and other attractions, the bride wore a rust corduroy pantsuit accented with a turtleneck sweater of rust, black and white. The couple now resides at 23821 Locust Grove Road, Williamsport.

The bride and bridegroom are both graduates of Westfall High School and are employed by Wright Lumber Inc. Out-of-town guests at the wedding were from Columbus, Hilliard, Plain City, Circleville, Cincinnati, Clarks Lakes, Grove City, Mt. Sterling, Ashville and Portsmouth.

HOSTESSES — Serving as hostesses for the Christmas Party of Circleville Junior Women's Club are shown from the left: Mrs. Gary Wachenswanz, Mrs. Tom Tootle, Mrs. Dwight Robinson, Mrs. William Everhart and Mrs. John Adkins.

Circleville Junior Women Hold Annual Holiday Party

Circleville Junior Women's Club met Thursday in the basement of St. Joseph's Catholic Church for its annual Christmas carry-in dinner and craft auction with 27 members and husbands as guests. Also present were three associate members, Mr. and Mrs. Leo Hall, Dr. and Mrs. James River, and Mrs. Ron Kay. A prospective member, Mrs. Larry Logan and her husband, were also guests.

Mrs. John Ratcliff, president, welcomed the guests and presided over a brief business session. Mrs. Paul Kowalski, membership chairman, conducted roll call with members answering with what they want for Christmas.

The tables were decorated with Christmas candles and miniature wreaths. Holiday punch centered the

serving table at the side of a decorated Christmas tree.

After the dinner Larry Lewis conducted the craft auction which included items club members made and donated for the special event.

Mrs. Ricky Collins Fetes With Shower

A baby shower was held recently at the K of P lodge hall in Stoutsville honoring Mrs. Ricky (Theresa) Collins. Hostesses were Ms. Diane Johnson, Miss Lynn Hedges and Miss Debbie Collins.

Games were played with prizes won by Mrs. Dulice Newland and Mrs. Esther Collins. Refreshments of cake, mints, nuts, and punch were served.

Guests included: Betty Brungs, Theda Collins, Dulice Newland, May Valentine, Wanda Collins, Chris Collins, Recise VanFossen, Diane Massie, Brenda Davis, Tillie Teets, Rhonda Daniels and Michelle, Pauline Smith, Virginia Swoyer, Sue Collins and Jennifer, Mary Jane Skinner, Donna Valentine.

RETIRING — A retirement dinner was held on December 2 for Jeanne Morman, who recently retired from civilian employment with the U.S. Army Corps of Engineers. Before retiring, Mrs. Morman worked as a secretary for the Scioto Area Office in Circleville, a position which she held since 1967. Before working with the Corps, she was employed by the Defense Supply Center in Columbus and by the second Army in several locations. The dinner was attended by many Corps employees and their wives from central Ohio and from the district office in Huntington, W. Va. In appreciation for her years of service in the Scioto area, Mrs. Morman was presented with many gifts. Pictured above with Mrs. Morman are Ken Crisp, left, Chief of the Huntington District Operations Division, and Michael Burke, right, Scioto Area Manager for the Corps.

Ohio Highway Crashes Kill 12 Persons

By THE ASSOCIATED PRESS
The weekend traffic death toll in Ohio reached 12, including the deaths Sunday of three Minster High School students in a one-car crash near Celina, the Highway Patrol reported. The patrol keeps its weekend count from 6 p.m. Friday until Sunday at midnight.
The dead:
Friday Night
LIMA — Donald Krouse, 22, of Fort Wayne, Ind., in a three-car accident on U.S. 30 in Allen County.

Saturday
CANTON — Phyllis E. Kolm, 35, of North Canton, in a three-car accident on Ohio 62 in Stark County.
CHILLICOTHE — Jeffrey Allan Conaway, 18, of Lyndon, in a one-car accident on a Ross County road.
ST. CLAIRSVILLE — Gary L. Bronson, 21, of Union, N.H., in a one-car accident on I-70 near St. Clairsville.
WOOSTER — Samuel W. Pringle, 32, and Danny Bee, 30, both of Wooster, in a two-car accident on a county road near U.S. 250 in Wayne County.
COSHOCTON — George J. Lorenz, 20, of Fresno, in a one car accident on Ohio 93 near Coshocton.

Sunday
CELINA — Jeffrey E. Bruns, 17, Thomas E. Meiring, 16 and James J. Quinlin, 16, all of Minster, in a one-car crash on Ohio 703 along Grand Lake St. Marys in Celina.
LIMA — James Forrester, 19, of Kitchener, Ont., Canada, when the car in which he was riding ran off I-75 and struck a guard rail.
CAMBRIDGE — John G. Hazinakis, 71, Cambridge, when struck by a car while crossing a city street.

Americans Eat More, Will Spend More

COLUMBUS, Ohio (AP) — Americans are eating more food these days and can plan on spending more money in the next year to satisfy their expanding appetites, a food specialist says.

"Our food expenditures are increasing because we are eating 4 per cent more per person than we did 10 years ago," according to Dr. Lois Simonds, a market information specialist and professor of agricultural economics at Ohio State University. She spoke at a local conference on food policy.

D. Simonds said she foresees an increase in food prices of 5 to 6 per cent next year, about the same rate as in 1975. But she said while most food prices will follow the general rate of inflation, there are likely to be some exceptions.

Coffee drinkers will face higher prices on a month-by-month basis, she said, anticipating a 15-cents-a-pound increase in the first half of next year. Cocoa prices are likely to rise in January, she said.

Also expected to cost more in 1977 are canned and frozen vegetables because of increased processing and labor costs and bad weather in prime growing areas. Prices for pork can be expected to remain the same next year, while some poultry prices may decline, she said.

The agricultural specialist said that while consumers are eating more, they also tend to eat out more often and select higher quality foods.

"We are also eating higher quality foods—shifting from hamburgers to steak, using more processed foods and eating out more often," she said. "We now eat one out of three meals in a

restaurant, while it was only one out of four meals 10 years ago."

Dr. Dennis R. Henderson, associate professor of agricultural economics and rural sociology at Ohio State, added that while the United States will continue as the major supplier of food supplies for the foreseeable future, one-tenth of the nation's population is undernourished.

"At least 10 per cent of the U.S. population is malnourished because of lack of money to buy enough of the right foods or because they do not know what foods they need," Henderson said.

Set Rehabilitation Of Rail Roadbed

ROANOKE, Va. (AP) — Norfolk and Western Railway will rehabilitate 510 miles of its right-of-way between Ohio and Indiana as part of a \$110 million capital improvements program next year, the company has announced.

The company said it plans to spend \$11.5 million on the continuing rehabilitation of a Norfolk and Western route between Portsmouth, Ohio, and Lafayette, Ind. The work includes the area between Cincinnati, Ohio, and New Castle, Ind., acquired in April from Penn Central.

Also planned is work on freight yard track facilities in the Columbus, Ohio, area. The firm said the rehabilitation work, which began last year, is scheduled to be completed in 1978.

Norfolk and Western also plans to build a \$3.3 million locomotive inspection and repair facility at Bellevue, Ohio, and freight car repair shops in Elmore, W.Va., Bluefield, W.Va., and Chicago.

Oil Engineering Students In Demand

MARIETTA, Ohio (AP) — University placement offices which find jobs scarce for graduates might take lessons from Elmer Templeton. He offers a liberal arts education in petroleum engineering at Marietta College.

His students found temporary jobs paying \$1,100-\$1,200 a month last summer and Prof. Templeton says average starting salaries for graduates is now about \$18,000 a year. As head of the four-man faculty in

the Department of Petroleum Engineering, he recommends 15-20 students a year for degrees. He expects to graduate 30 students in 1978. "Nationally, there are only between 200-300 graduates a year in petroleum engineering in this country," he said.

His success, at least in part, traces to an advisory board of industry executives and to his philosophy about the work.

"I'm industry oriented," said the one-time engineer for Phillips Petroleum Co., "I am the manufacturer and my graduates are my products and the industry is the market."

"This advisory board assists me in keeping my program in line with the industry's need."

While enrollment at the private liberal arts college has declined from 1,900 to 1,500 in recent years registration for petroleum engineering has grown from 50 to 160.

"It's the only area of engineering the college offers," he said. "One of my requirements is a year of public speaking and a year of composition. The industry has been impressed with our students' ability to communicate and deal with people."

"We have built the program to the point where I don't have to recruit like I used to. I used to recruit like Woody Hayes (Ohio State University football coach)."

"Now, we get so many coming in that in the past couple of years we accepted only the top 40 applicants to this department. We don't turn anybody down but the rest are assigned to other departments on the campus. After a year, if they have done well, we take them into this department."

Templeton is a Marietta College graduate and went to work as an engineer with Phillips Petroleum Co. in Texas.

He was on the staff of the chief engineer for Phillips at Bartlesville, Okla., when he left in 1967 to return to his native Ohio.

He immediately began working to change degree requirements in the old Department of Petroleum Studies to a pure engineering discipline and changed the name of the department about five years ago.

Elementary Christmas Programs Set

Paul Dunkle, elementary music instructor, announced the following programs schedule for the Christmas programs in the Circleville City Schools.

Tonight, December 6, the Nicholas Drive School will hold their program at the high school beginning at 7:30 p.m. The program will be "Songs of the Season" with carols being sung by students in Kindergarten, grades one, two and three.

On December 9, Mound Street School will present "A Christmas Card For You." This will be a program of Christmas Carols sung by Kindergarten grades one and two. The program will follow a PTB meeting at 7:30 p.m.

High Street students in Kindergarten, grades one, two, and three, will present the playlet "What The Christmas Fire Told" on December 13, at 7:30 p.m. This will be accompanied by many holiday songs.

At 7 p.m. on December 14, the Atwater School program will be given at the high school by Kindergarten, grades one, two and three. The program will be "Cheer Up, Mr. Santa."

South Court students in grades one, two and three, will present "An Evening of Christmas Carols" on December 16 at the junior high school beginning at 7:30 p.m.

All programs are open to parents and friends with no admission charge.

Santa and the Giant Fighter

By Lucrece Beale

Synopsis: Santa tells Billy that before he can slay the giant he must free the moon which Goko has sealed in a box. Tweedleknees searches for the magic words that will unseal the box.

CHAPTER FIVE A SANTA LAND BREAK-FAST

Patrick Tweedleknees sat on the floor in Santa's living room. He was surrounded by stacks of books and scraps of paper on which strange words were written.

Tweedleknees had been in Santa Land longer than anyone—except Santa, of course, who had been there forever. Because he had been there so long it was natural that he knew a great deal about hocus-pocus, abradadabra, mumbo-jumbo, and other magic words that could cast or break a spell.

He had been studying charms and voodoo and hoodoo and the incantations of all the sorcerers he had ever heard of for three days and three nights. Still he hadn't found the magic formula that would release the moon from the box in which Goko the giant had locked it.

Santa was growing impatient. Christmas would soon be here and the giant had vowed to snatch Santa, too, out of the sky when he drove his sleigh on Christmas Eve.

"Give me time," said Tweedleknees huffily. "This is a very difficult assignment. It can't be done in a minute, you know, but I am on the right track." He sniffed importantly and reached for still another book from the piles on the chairs and tables around him.

Santa went to his desk. He rummaged around in the bottom drawer until he found a little red skull cap with a long gold tassel. He set the cap on Tweedleknees' head.

"Try my thinking cap," he said.

"Are you suggesting that I have not been thinking?" growled Tweedleknees.

"Not at all," replied Santa.

Tweedleknees tried on Santa's thinking cap.

"But the thinking cap may help you think. I often use it when I am trying to think of new toys for Christmas. It's been a very big help."

"Hmmp!" grunted Tweedleknees. He tossed the gold tassel out of his eyes but he kept the cap on.

Mrs. Claus came in from the kitchen and announced that breakfast was served.

"But, my dear," said Santa looking at her in amazement. "We just had breakfast."

"You mean YOU just had breakfast," retorted Mrs. Claus. "What about this boy? He looks like he hasn't had anything to eat for goodness knows how long!"

Billy was overjoyed. He had been standing there all this time watching Patrick Tweedleknees think. It had been a very hard thing to do because he was dizzy with hunger. His stomach kept growling for food but he himself was too polite to say anything.

He had been sent to bed without dinner the night before and he hadn't had lunch before that because the teacher at school had made him stand in the corner for telling giant stories. He took off his coat and dropped it on the floor beside Tweedleknees.

"I could eat a little, I guess," he said politely. He followed Mrs. Claus into the kitchen and sat down to breakfast.

There were buckwheat cakes stacked two feet tall and sausages long as baseball bats and ostrich eggs big as footballs. And that wasn't all. There were things no one else would dream of serving for breakfast. Deep-dish apple pie and coconut layer cake with orange filling and seven different kinds of ice cream.

Billy had a helping of everything and several helpings of some things. Mrs. Claus beamed. She said she wished she always had a boy around the house to feed because it made cooking so worth while.

She was frying another batch of ostrich eggs when Tweedleknees burst into the kitchen. His thinking cap was all askew and his spectacles hung on the tip of his nose. He handed Billy a thin green book and shouted, "I've found it! The magic words! They are in this Wizard's Handbook!"

Billy stared at the book in astonishment. It was his own school spelling book!

DEAR ABBY: My father was a "Mr. Fixit." He could repair anything. Being the oldest, I had to hold his lights and hand him his tools, so I learned more than the average girl about many things.

Seven years ago I married my high school sweetheart. He's a sweet guy, but he doesn't own a screwdriver and doesn't want one. He would (and has) walked five miles in a blizzard before he'd change a tire.

I've done all the painting and repair work—even built shelves and cupboards, and fixed electric appliances around here. My husband can't even hold a rake, much less drive a nail.

Last night I went to sleep early. (I'm eight months pregnant.) Somehow he broke the handle off the faucet in our bathroom, so he woke me up. Water was squirting everywhere, and he'd used all the towels in the cupboard to soak it up. I got up, turned off the main water valve (he didn't even know where it was), cleaned up the mess, threw the towels in the dryer and asked him what happened. All he said was, "Don't bug me."

Abby, he's a steady worker, is good-looking and doesn't drink, and I know he loves me. So what do you do to a guy like that?

kissing. For some weird reason, kissing turns me off completely. I can't stand to be kissed by a boy, and I can't bring myself to kiss one.

Even as a child I hated it when a relative would say, "Come here and give me a kiss."

I am dating a nice boy who has been very patient with me. Most guys would give up on a girl who refused to kiss him.

I know I'm letting my boyfriend down because of my hangup and I'll probably lose him soon because I can't expect him to go with me forever if I don't kiss him.

My Mom tells me to force myself, but I just can't.

Other girls my age seem to enjoy kissing, but it's repulsive to me. Please help me.

YELLOW SPRINGS, Ohio (AP) — Forty military veterans at Antioch College have GI benefits again after the school compromised with the Veterans Administration to give "symbols of achievement" for completed course work.

The Ohio State Approving Agency for Veterans Training stopped the benefits in a dispute over the college's lack of a grading system.

Instead of a letter or number grade, Antioch veterans will be assigned zero to five credits for each course they take.

Russian Rock Stars Get State Salaries

CHARLOTTE, N.C. (AP) — In the United States, musicians who sell 10 million records and draw capacity crowds to concerts become millionaires. In the USSR, they get a government salary.

Members of the Russian folkrock group Pesnyary made clear in an interview Sunday that it's a long way from their home base of Minsk to Morgantown, N.C., where they won a standing ovation on their first American tour.

The eight musicians say they're proud of their claim to be Russia's most popular group, and they said they

enjoy being recognized on Soviet streets. But they insist they cannot be called "stars."

Pesnyary performed here Saturday night as part of a nine-day visit to mostly small Southeastern towns. The group is sharing the bill with the New Christy Minstrels, whose promoters are hoping for an invitation to the Soviet Union in return.

The Russians said their salary is not small, and that with royalties from record sales they earn about as much as a Soviet doctor or lawyer. But they could never pull down \$1 million or more from a single concert, they said, as some Western rock groups do.

"We don't need money like that. We don't need status like that," said Pesnyary manager Leonid Borovsky.

The leader of the group, Vladimir Mulyavin, said that unlike American rock music, Pesnyary's brand never is antiestablishment. But he insisted that there is no government censorship. "Our music doesn't need any kind of quality control," he said.

Pesnyary includes contemporary electric music in its repertoire, but it specializes in Byelorussian folk. Group members said, for example, that the saga "The Wounding of Ivan" is among their "masterpieces."

At their concerts in the Soviet Union, they said, nobody in the audience uses drugs. And while reaction can be warm, it is never overwhelming or frenzied.

The group's tour is sanctioned by the Soviet government, and a woman from the Ministry of Cultural Affairs accompanies group members to interviews.

Grange News

PICKAWAY GRANGE YOUTH

Mr. and Mrs. David Bolender and Brenda, hosted the December meeting of the Pickaway County Grange Youth last evening at their home on Route 4.

The meeting began with the presentation of a gift to Brenda who served as the county princess in the state contest this past year. The presentation was made by Paul Dunkle on behalf of the group.

Following the carry-in dinner, David Bolender presented a moment of meditation with thoughts on the Christmas season followed by group singing of "Silent Night."

The business session was conducted by vice-president, Randy Wolfe, which included reports on the successful youth conference and plans for the 1977 youth conference.

County projects to begin in January include a drill team directed by Dunkle and a county-wide ritual team directed by Bob and Diana Lands. Both projects will be for any granger in the Pickaway County Granges.

Recreation by Ron Chesser, Mark Pfeiffer, and Layne Richard followed the business session with a gift exchange ending the evening.

Barbara McKenzie will host the next meeting on January 2 beginning at 7 p.m.

SOUTHEAST

Rain this evening changing to snow later tonight and a chance of snow flurries Tuesday. Lows tonight in the low 30s. High Tuesday in the upper 30s. The chance of precipitation 90 per cent tonight and 50 per cent Tuesday.

By THE ASSOCIATED PRESS

A winter storm watch was in effect for the northern third of the state for today and tonight.

A broad band of precipitation extending from northern Wisconsin to southern Louisiana was moving east and was to spread across Ohio during the afternoon.

It was to begin as rain in Ohio, probably mixed with snow at times in the northern counties. Freezing rain was forecast for the northern counties if temperatures failed to climb more than a degree or so above freezing before the rains begin.

The rain will be changing to snow tonight as winds shift from southeast to northwest. Most of the snow will be in the northern part of the state.

Gospel Singing Group Scheduled At Community UM

The Celebration, one of America's leading "soft gospel" singing groups, will be featured Wednesday at 7:30 p.m. in Community United Methodist Church.

The professional, eight-voice ensemble share their ministry through music written and arranged especially for them by their director, Ben Markley, and orchestrated by Ronn Huff and Bob Krogstad. In concert, the group performs with the full orchestral backgrounds from their albums, recorded in London, Los Angeles, and Nashville. The records appear on the Dynamic Label, Nashville, Tennessee, and Singcord Label of the Zondervan Corporation, Grand Rapids, Michigan.

The sensitive musicians are noted for the same quality sound in live

performances as in their studio sessions. "We are a ministry oriented group," says director Markley, who has toured the United States in concert solo work for five years. "We share with schools and churches everywhere our experience of God's love, and we try to do it by the best means available."

The Celebration presents over 250 concerts each year throughout the United States. After the eleven-month tour, most of the members continue their education and new singers are selected from auditions held nationwide.

The sound equipment used by The Celebration was custom-designed for them by Robert Clark of Pneuma Electronics, Nashville, Tennessee.

The group is sponsored by Taylor University, Upland, Indiana, a 130-year-old Christian liberal arts college with an enrollment of 1467.

The public is invited to the concert. Tickets are available at the door.

CHARLOTTE, N.C. (AP) — In the United States, musicians who sell 10 million records and draw capacity crowds to concerts become millionaires. In the USSR, they get a government salary.

Members of the Russian folkrock group Pesnyary made clear in an interview Sunday that it's a long way from their home base of Minsk to Morgantown, N.C., where they won a standing ovation on their first American tour.

The eight musicians say they're proud of their claim to be Russia's most popular group, and they said they

enjoy being recognized on Soviet streets. But they insist they cannot be called "stars."

Pesnyary performed here Saturday night as part of a nine-day visit to mostly small Southeastern towns. The group is sharing the bill with the New Christy Minstrels, whose promoters are hoping for an invitation to the Soviet Union in return.

The Russians said their salary is not small, and that with royalties from record sales they earn about as much as a Soviet doctor or lawyer. But they could never pull down \$1 million or more from a single concert, they said, as some Western rock groups do.

"We don't need money like that. We don't need status like that," said Pesnyary manager Leonid Borovsky.

The leader of the group, Vladimir Mulyavin, said that unlike American rock music, Pesnyary's brand never is antiestablishment. But he insisted that there is no government censorship. "Our music doesn't need any kind of quality control," he said.

Pesnyary includes contemporary electric music in its repertoire, but it specializes in Byelorussian folk. Group members said, for example, that the saga "The Wounding of Ivan" is among their "masterpieces."

At their concerts in the Soviet Union, they said, nobody in the audience uses drugs. And while reaction can be warm, it is never overwhelming or frenzied.

The group's tour is sanctioned by the Soviet government, and a woman from the Ministry of Cultural Affairs accompanies group members to interviews.

Grange News

PICKAWAY GRANGE YOUTH

Mr. and Mrs. David Bolender and Brenda, hosted the December meeting of the Pickaway County Grange Youth last evening at their home on Route 4.

The meeting began with the presentation of a gift to Brenda who served as the county princess in the state contest this past year. The presentation was made by Paul Dunkle on behalf of the group.

Following the carry-in dinner, David Bolender presented a moment of meditation with thoughts on the Christmas season followed by group singing of "Silent Night."

The business session was conducted by vice-president, Randy Wolfe, which included reports on the successful youth conference and plans for the 1977 youth conference.

County projects to begin in January include a drill team directed by Dunkle and a county-wide ritual team directed by Bob and Diana Lands. Both projects will be for any granger in the Pickaway County Granges.

Recreation by Ron Chesser, Mark Pfeiffer, and Layne Richard followed the business session with a gift exchange ending the evening.

Barbara McKenzie will host the next meeting on January 2 beginning at 7 p.m.

By THE ASSOCIATED PRESS
A winter storm watch was in effect for the northern third of the state for today and tonight.

A broad band of precipitation extending from northern Wisconsin to southern Louisiana was moving east and was to spread across Ohio during the afternoon.

It was to begin as rain in Ohio, probably mixed with snow at times in the northern counties. Freezing rain was forecast for the northern counties if temperatures failed to climb more than a degree or so above freezing before the rains begin.

The rain will be changing to snow tonight as winds shift from southeast to northwest. Most of the snow will be in the northern part of the state.

Gospel Singing Group Scheduled At Community UM

The Celebration, one of America's leading "soft gospel" singing groups, will be featured Wednesday at 7:30 p.m. in Community United Methodist Church.

The professional, eight-voice ensemble share their ministry through music written and arranged especially for them by their director, Ben Markley, and orchestrated by Ron Huff and Bob Krogstad. In concert, the group performs with the full orchestral backgrounds from their albums, recorded in London, Los Angeles, and Nashville. The records appear on the Dynamic Label, Nashville, Tennessee, and Singcord Label of the Zondervan Corporation, Grand Rapids, Michigan.

The sensitive musicians are noted for the same quality sound in live

performances as in their studio sessions. "We are a ministry oriented group," says director Markley, who has toured the United States in concert solo work for five years. "We share with schools and churches everywhere our experience of God's love, and we try to do it by the best means available."

The Celebration presents over 250 concerts each year throughout the United States. After the eleven-month tour, most of the members continue their education and new singers are selected from auditions held nationwide.

The sound equipment used by The Celebration was custom-designed for them by Robert Clark of Pneuma Electronics, Nashville, Tennessee.

The group is sponsored by Taylor University, Upland, Indiana, a 130-year-old Christian liberal arts college with an enrollment of 1467.

The public is invited to the concert. Tickets are available at the door.

Plan Survey On Foliage

WASHINGTON (AP) — The Agriculture Department plans to make a survey early next year to find out more about the nation's flower and foliage plant crops.

Officials said the survey will begin in January and will run through mid-February in 27 major producing states, including five to be surveyed for the first time: Alabama, Arkansas, Georgia, Kansas and Virginia.

Production and sales of potted and cut flowers, foliage and other so-called floriculture have risen in recent years.

In the past, surveys have concentrated on carnations, chrysanthemums, gladioli, roses and foliage plants. This time, the department said,

potted poinsettias, potted lilies, potted hydrangeas, potted geraniums, cut snapdragons, and vegetable and flowering bedding plants will be added.

WASHINGTON (AP) — Butter production climbed sharply in October to 78.2 million pounds, up 23 per cent from September and 14 per cent more than in October 1975, according to the Agriculture Department.

Nonfat dry milk output, a byproduct of butter-making, also increased as a result. At almost 61.6 million pounds, production for human consumption was up 1 per cent from September and 35 per cent from October of last year, officials said.

Thieves Take Chain Saw, Shotgun

Circleville Police investigated a report of grand theft Saturday morning.

According to the report, Russell L. Chester, 375 Eva Drive, told police that thieves entered his parked truck in front of his house late Friday night or early Saturday morning.

Once inside, the culprits removed a Homelite chain saw, valued at \$100, and a Remington 12 gauge shotgun, valued at \$125.

Ohio Losing License Fees, Joseph Says

COLUMBUS, Ohio (AP) — A \$100,000 expenditure could give Ohio at least \$3 million annually through state license fees currently uncollected from out-of-state truckers, says a former Bureau of Motor Vehicles enforcement chief.

Dwight Joseph blamed the non-collection on a policy by former BMV Registrar Curtis Andrews, contained in an Oct. 28 memo to the enforcement staff.

The memo directed agents "to discontinue all forced registrations unless it is clearly known by the enforcement representative that the unit

is operating exclusively within the State of Ohio and engaged in intrastate hauling."

Joseph said the state would collect at least \$3 million a year "if the registrar put the (number of) people on the scales I wanted."

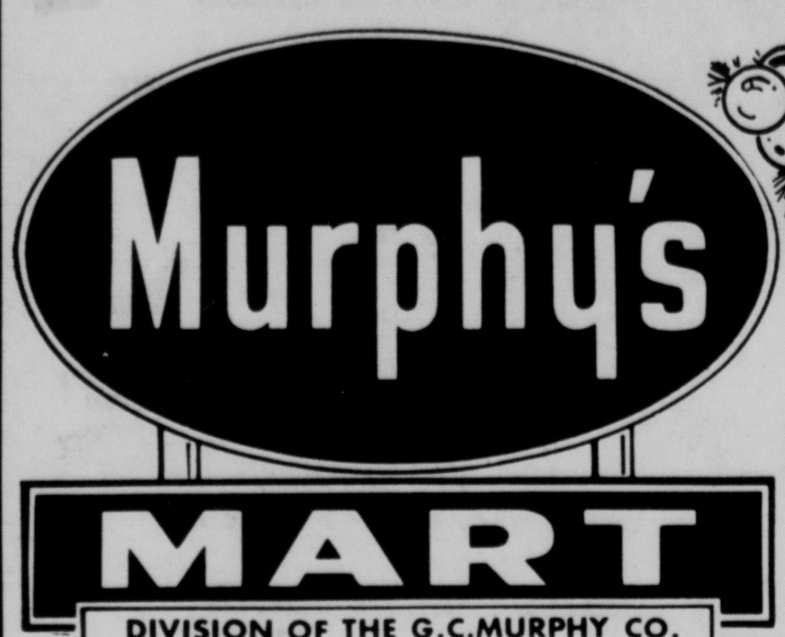

"Your local based firms required to pay for Ohio plates are being penalized by the truckers in neighboring states...that buy their licenses cheaply in those states and then work intrastate (in) Ohio. It is not only lost revenue, it is penalizing the Ohio truckers for operating legally," he said.

By spending \$100,000 on enforcement action, the state could collect \$3 million, he added.

Newly appointed Registrar Dean L. Dollison said Friday he will study bureau policies before deciding whether changes are needed.

Psych Classes Conducting Experiments

By VIVIAN FIELDS

TV second and third period psychology classes, under the supervision of Miss Brooks, recently conducted an interesting experiment recognizing desirable traits in a marriage partner. The experiment was to compare the qualities of a partner by the opposite sex. Both classes agreed that a good personality is the most important quality. Understanding ran a close second from both the male and the female viewpoint. Listed in the top ten were such characteristics as loves children, being handsome or attractive, and being friendly. This was only one of the many experiments conducted by the two psychology classes.

The students have also studied the training and caring of a child with slight learning disabilities. After their study was completed, the classes visited Orient State Institute where they observed children and adults with moderate disabilities.

The trip to Orient, according to the visitors, was interesting and answered many questions that students had concerning mental health and its rehabilitation program.

Fall Banquet Honored Team Players

By CHERYL STEVENS

Nov. 22, the annual fall sports banquet was held. The banquet began with a carry-in dinner in the high school cafeteria. Afterwards the teams were honored and awards were presented.

Teams recognized were the football teams and cheerleaders, girls' volleyball, cross country, and golf.

Most valuable player awards were received by varsity griddier, Joe Berger, Dean Brown, offensive freshman football; Scott Bartholemew, defensive freshman football; Perri Martin, varsity volleyball; Jill Raymond, reserve volleyball; Doug Bungardner, cross country; Eugene White, golf.

The most improved player awards went to Don Von Ins, golf; Ray Nardi, varsity football; Linda Ball, varsity volleyball; and Tami Nicholson, reserve volleyball.

The evening ended with the benediction led by varsity football coach, Dick Kidwell.

Cheerleader Works With 'Golden Eagle'

TERESA VanPELT

Golden Eagle is a certified cheerleaders' organization which conducts many camps throughout the country during the summer months. Its purpose is to better cheerleading squads in their cheering skills.

Teays Valley is proud of Teresa VanPelt who has participated in the Golden Eagle competition. She has an opportunity to become an instructor at a Golden Eagle camp because of her abilities displayed at competition.

Teresa says her love of cheering and her love of meeting and working with other cheerleaders is the reason for trying out for the position. If she succeeds, this talented pepster will become an instructor at various camps where she will teach cheers, chants, pom-pom routines, jumps, and stunts.

To be eligible to tryout, candidates must be a high school senior and have attended a Golden Eagle summer camp. Tryouts also require the girls to do a cheer before the Golden Eagle for evaluation.

Teresa's other in-school activities include senior class president, captain of the varsity cheerleading squad and member of Who's Who Among High School Students.

Thanksgiving Assembly Hosts Speakers, Music

By BELINDA MAHAN

At Teays Valley's Thanksgiving assembly, held on Nov. 24, Mr. Forsythe introduced Floyd Gray, who spoke for a short while about his hospital experiences this past summer. He explained why he was thankful for a devoted and understanding wife and family along with helpful and encouraging friends who helped him during a dark period of his life. He also said that he was thankful for the students at TV who have been so very cooperative during his recuperation. After Gray spoke, Forsythe introduced Miss Freeman who conducted the TV choir as they sang "I Was Glad," "American Folk Trilogy," and "Now Let Every Tongue Adore Thee."

Bill Stith of Fort Thomas, Kentucky, was the guest speaker. Stith is a former educator, president of a recording company and presently attends a Chicago theological seminary where he is studying to become a minister. At the present time, he is an evangelist going to area groups to tell his story and how he came to devote his life to Christian work. The evangelist who spoke with enthusiasm and feeling talked for a few minutes about his past and how he became a Christian. He closed the assembly with a prayer of thanksgiving. Stith is the older brother of TV's former business teacher Ramona Welch.

contest and had 7 students place in the competition. Those receiving recognition were Debbie Young, second place in office procedures; Pam Hutchinson, second in Typing II, fourth place in Shorthand I, and fifth place in business math; Kim Crookham placed fourth in Typing I; Tammy Wiley placed fifth in Typing I. Placing third in Shorthand I was Ruth Cline who also won third in Typing II. Toby Harkleroad received fifth place recognition in Shorthand I while Luann McConaha placed third in the spelling contest.

Students who placed in any of the top three positions are eligible to participate in the state competition held in Dayton in March, 1977.

Future Women's Club Elects President

MIKI BROWN

By DIANA SEITZ

Miki Brown, the daughter of Mr. and Mrs. Gary Brown, is this year's elected president of Future Women's Club. Her activities include concert and marching band, stage band, member of Youth Wind Ensemble and she is on student council.

Mike's duties as club president are organizing meetings and committees for group functions. The FWC club does mostly charity and community projects such as parties for underprivileged children, and nursing homes. This year it is sponsoring a family at Christmas.

In the future the club will be helping Kiwanis with a community Christmas project, an Easter egg hunt and a party for small children. They also plan to entertain the patients in a rest home, to visit the Ohio Historical Center and go to the Golden Lamb Restaurant Inn, in Lebanon.

Wrestlers Aiming For Big Goals

By TAMI WELLS

This year the TV wrestling team is aiming for high goals and a possible district championship. According to Mr. Gray, coach, each weight class is so strong that there will be as much competition between each class as there will be between Teays Valley and its opponents.

The TV wrestlers began practice at the beginning of November. They average a three-hour practice each day after school.

Looking forward to another good year are third-year wrestlers Lance Windon, Matt Thomas, Allen Adkinson, Joe Berger, and Scott Rader. Gray is expecting a very strong showing from his junior wrestlers as well.

On Nov. 18 the wrestling stats held a "Meet the Team Night." All wrestlers, parents, coaches, and friends were there to begin the season with this annual event. Refreshments were served afterwards by the mat stats.

In the year 1850 Ohio canals carried 26 times as much freight as railroads, and 10 years later were carrying only half as much as the railroads.—AP

MRS. PAULA GARTRELL

Art Teacher New To School

By VIVIAN FIELDS

Mrs. Paula Gartrell, a native of Columbus, is our new art teacher at Teays Valley. This is her first year teaching and she is enjoying her job.

Mrs. Gartrell lives with her husband, Garth, in Columbus. She attended Ohio State University.

Included in her outside activities are weaving, painting, photography, and "just working with her hands." At TV this active newcomer is the freshman cheerleading adviser — an activity she also enjoys very much.

Mrs. Gartrell is extended a friendly welcome to Teays Valley.

The Black Sea separates eastern Europe and Asia Minor.

Psych Classes Conducting Experiments

By VIVIAN FIELDS

TV second and third period psychology classes, under the supervision of Miss Brooks, recently conducted an interesting experiment recognizing desirable traits in a marriage partner. The experiment was to compare the qualities of a partner by the opposite sex. Both classes agreed that a good personality is the most important quality. Understanding ran a close second from both the male and the female viewpoint. Listed in the top ten were such characteristics as loves children, being handsome or attractive, and being friendly. This was only one of the many experiments conducted by the two psychology classes.

The students have also studied the training and caring of a child with slight learning disabilities. After their study was completed, the classes visited Orient State Institute where they observed children and adults with moderate disabilities.

The trip to Orient, according to the visitors, was interesting and answered many questions that students had concerning mental health and its rehabilitation program.

Fall Banquet Honored Team Players

By CHERYL STEVENS

Nov. 22, the annual fall sports banquet was held. The banquet began with a carry-in dinner in the high school cafeteria. Afterwards the teams were honored and awards were presented.

Teams recognized were the football teams and cheerleaders, girls' volleyball, cross country, and golf.

Most valuable player awards were received by varsity gridders, Joe Berger, Dean Brown, offensive freshman football; Scott Bartholemew, defensive freshman football; Perri Martin, varsity volleyball; Jill Raymond, reserve volleyball; Doug Bumgardner, cross country; Eugene White, golf.

The most improved player awards went to Don Von Ins, golf; Ray Nardi, varsity football; Linda Ball, varsity volleyball; and Tami Nicholson, reserve volleyball.

The evening ended with the benediction led by varsity football coach, Dick Kidwell.

Cheerleader Works With 'Golden Eagle'

TERESA VanPELT

Golden Eagle is a certified cheerleaders' organization which conducts many camps throughout the country during the summer months. Its purpose is to better cheerleading squads in their cheering skills.

Teays Valley is proud of Teresa VanPelt who has participated in the Golden Eagle competition. She has an opportunity to become an instructor at a Golden Eagle camp because of her abilities displayed at competition.

Teresa says her love of cheering and her love of meeting and working with other cheerleaders is the reason for trying out for the position. If she succeeds, this talented pepster will become an instructor at various camps where she will teach cheers, chants, pompon routines, jumps, and stunts.

To be eligible to tryout, candidates must be a high school senior and have attended a Golden Eagle summer camp. Tryouts also require the girls to do a cheer before the Golden Eagle for evaluation.

Teresa's other in-school activities include senior class president, captain of the varsity cheerleading squad and member of Who's Who Among High School Students.

Thanksgiving Assembly Hosts Speakers, Music

By BELINDA MAHAN

At Teays Valley's Thanksgiving assembly, held on Nov. 24, Mr. Forsythe introduced Floyd Gray, who spoke for a short while about his hospital experiences this past summer. He explained why he was thankful for a devoted and understanding wife and family along with helpful and encouraging friends who helped him during a dark period of his life. He also said that he was thankful for the students at TV who have been so very cooperative during his recuperation. After Gray spoke, Forsythe introduced Miss Freeman who conducted the TV choir as they sang "I Was Glad," "American Folk Trilogy," and "Now Let Every Tongue Adore Thee."

Bill Stith of Fort Thomas, Kentucky, was the guest speaker. Stith is a former educator, president of a recording company and presently attending a Chicago theological seminary where he is studying to become a minister. At the present time, he is an evangelist going to area groups to tell his story and how he came to devote his life to Christian work. The evangelist who spoke with enthusiasm and feeling talked for a few minutes about his past and how he became a Christian. He closed the assembly with a prayer of thanksgiving. Stith is the older brother of TV's former business teacher Ramona Welch.

Future Women's Club Elects President

MIKI BROWN

By DIANA SEITZ

Miki Brown, the daughter of Mr. and Mrs. Gary Brown, is this year's elected president of Future Women's Club. Her activities include concert and marching band, stage band, member of Youth Wind Ensemble and she is on student council.

Mike's duties as club president are organizing meetings and committees for group functions. The FWC club does mostly charity and community projects such as parties for underprivileged children, and nursing homes. This year it is sponsoring a family at Christmas.

In the future the club will be helping Kiwanis with a community Christmas project, an Easter egg hunt and a party for small children. They also plan to entertain the patients in a rest home, to visit the Ohio Historical Center and to go to the Golden Lamb Restaurant Inn, in Lebanon.

Wrestlers Aiming For Big Goals

By TAMI WELLS

This year the TV wrestling team is aiming for high goals and a possible district championship. According to Mr. Gray, coach, each weight class is so strong that there will be as much competition between each class as there will be between Teays Valley and its opponents.

The TV wrestlers began practice at the beginning of November. They average a three-hour practice each day after school.

Looking forward to another good year are third-year wrestlers Lance Windon, Matt Thomas, Allen Adkinson, Joe Berger, and Scott Rader. Gray is expecting a very strong showing from his junior wrestlers as well.

On Nov. 18 the wrestling stats held a "Meet the Team Night." All wrestlers, parents, coaches, and friends were there to begin the season with this annual event. Refreshments were served afterwards by the mat stats.

In the year 1850 Ohio canals carried 26 times as much freight as railroads, and 10 years later were carrying only half as much as the railroads.—AP

Guidance Guidelines

A representative from Ohio University, Lancaster, will be here Dec. 7, 4th period. See Ms. Schreiber for more information.

The deadline to register for the Jan. 22 SAT is Dec. 17. The SAT will be given Dec. 4 for those who have already registered.

Seniors who are going to college or technical school should have filled out a parents' confidential statement by the end of this month. This is to ensure that it will be processed by the time of the financial aids deadline at most schools. See the counselor for forms.

CONGRATULATIONS to Judy Wilson on her acceptance to Capital University.

Big Year For Deer Hunters

SIX-POINTER — Reno Arledge, Route 56 East, took this six point buck in Vinton County minutes after the opening of the deer shotgun season.

FIRST ONE — Eugene Iles, 354 Logan St., bagged his first deer after six years of trying, killing this eight-point buck Monday morning in Hocking County. The buck weighed 115 pounds field dressed. Hunting with Iles were Jim Weaver, Glen Dilley, Bob Francis, and Dave McFarland.

HUNTER — Tom Hunt, 1234 S. Pickaway St., shows a 10-point deer that he bagged in Perry County while hunting with Herschel Mumaw, Billy Mumaw and son. The big buck weighed in at 260 pounds.

Phoenix Suns Defeat San Antonio

By HANK LOWENKRON
AP Sports Writer

Maybe the reason San Antonio Coach Doug Moe was not speaking was that he thought he was seeing double.

Dick Van Arsdale sank two free throws with 10 seconds left in overtime, and seven seconds later, his twin brother, Tom, duplicated the accomplishment, giving Phoenix a 103-96 victory over the Spurs Sunday night in a National Basketball Association game.

"I have nothing to say," said Moe after the game. "This is the first time I've done this (not talked to reporters after a game)."

In other NBA action, Kansas City topped Boston 102-96, Denver defeated New Orleans 117-105 and Portland extended its home court winning

streak to 20 by rallying for a 93-89 triumph over Cleveland.

After four games, Michigan led the nation's football teams in scoring, rushing offense and total offense.

All-Star Coaches

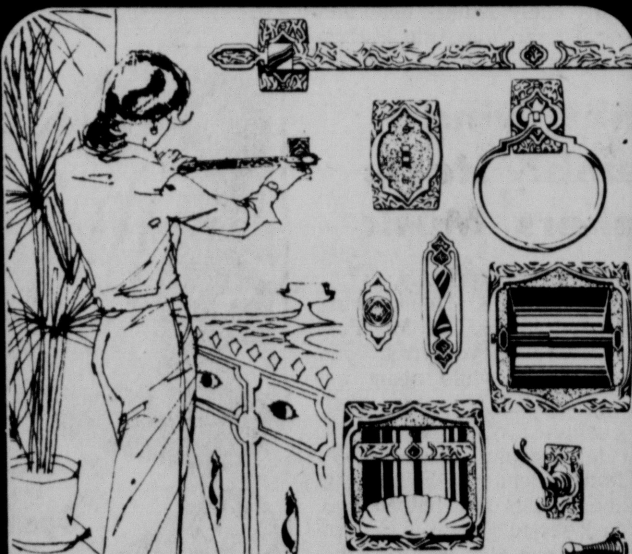

COLUMBUS, Ohio (AP) — Bill Ricco of Stow Walsh Jesuit and Jack Gordon of Middletown were named Saturday to coach the opposing sides in the 1977 Ohio High School Football All-Star classic, still without a home.

The game, matching the state's outstanding seniors, has been played the last two summers in Ohio Stadium in Columbus. However, it lost money this year and Canton, its previous site, is making a pitch for the 1977 contest.

Big Year For Deer Hunters

SIX-POINTER — Reno Arledge, Route 56 East, took this six point buck in Vinton County minutes after the opening of the deer shotgun season.

FIRST ONE — Eugene Iles, 354 Logan St., bagged his first deer after six years of trying, killing this eight-point buck Monday morning in Hocking County. The buck weighed 115 pounds field dressed. Hunting with Iles were Jim Weaver, Glen Dilley, Bob Francis, and Dave McFarland.

HUNTER — Tom Hunt, 1234 S. Pickaway St., shows a 10-point deer that he bagged in Perry County while hunting with Herschel Mumaw, Billy Mumaw and son. The big buck weighed in at 260 pounds.

Phoenix Suns Defeat San Antonio

By HANK LOWENKRON
AP Sports Writer

Maybe the reason San Antonio Coach Doug Moe was not speaking was that he thought he was seeing double.

Dick Van Arsdale sank two free throws with 10 seconds left in overtime, and seven seconds later, his twin brother, Tom, duplicated the accomplishment, giving Phoenix a 103-98 victory over the Spurs Sunday night in a National Basketball Association game.

"I have nothing to say," said Moe after the game. "This is the first time I've done this (not talked to reporters after a game)."

In other NBA action, Kansas City topped Boston 102-96, Denver defeated New Orleans 117-105 and Portland extended its home court winning

streak to 20 by rallying for a 93-69 triumph over Cleveland.

After four games, Michigan led the nation's football teams in scoring, rushing offense and total offense.

All-Star Coaches

COLUMBUS, Ohio (AP) — Bill Ricco of Stow Walsh Jesuit and Jack Gordon of Middletown were named Saturday to coach the opposing sides in the 1977 Ohio High School Football All-Star classic, still without a home.

The game, matching the state's outstanding seniors, has been played the last two summers in Ohio Stadium in Columbus. However, it lost money this year and Canton, its previous site, is making a pitch for the 1977 contest.

Bengals In Crucial NFL Game

By HOWARD SMITH

The Pittsburgh Steelers continue to chew up the opposition and pray for a miracle. Tonight they will pray in front of a television set.

"We're going to try to will the Raiders to victory," said Pittsburgh linebacker Andy Russell. "We'll be the biggest bunch of cheerleaders the Oakland Raiders ever had."

Oakland plays Cincinnati tonight and a Bengals' victory probably would mean no playoffs for the Steelers.

Tiger Reserve Matmen Win Key Club Tourney

Circleville's reserve matmen took five first places and garnered 164 points to win the Key Club Reserve Tournament Saturday at the high school.

Rodney Cook, Dave Happeney, John Frericks, Steve Vinkovich and Tom Logan all captured their events to pace the victory. Paul Heffelfinger was also on his way to winning a title until he was injured in the finals and was forced to default.

Following the Tigers in the team standings were: Fairfield Union, 152 points; Licking Heights, 105½; Wehrle, 102½; Teays Valley, 96; Marysville, 78; Beachcroft, 60½; Pickerington, 58½.

"Our reserves wrestled very well to take the eight-team tournament as they walked off with five firsts, one second, two thirds and two fourths to earn the victory," Circleville coach Brent Bell commented. "Rodney Cook, Dave Happeney, John Frericks, Steve Vinkovich and Tom Logan were all very aggressive as was Paul Heffelfinger until he was injured in the finals."

Here are the results of the tournament:

98-pound — Cook (C), Corpus (LH),

"I'm going to watch the ball game," said tackle Joe Greene, "but I'm ready to go South," referring to his home in Texas. "I think Oakland is going to play to win, but they have nothing to lose or gain and I just can't see them beating Cincinnati under those conditions."

But he will be rooting for the Raiders, anyway. The Steelers, having rebounded from a disastrous 1-4 start with eight straight victories, including Sunday's 42-0 rout of winless Tampa Bay, are the hottest team in the

Hoffman (FU), Pope (W).

Circleville reserves and varsity wrestling teams will be back in action 6:30 p.m. Saturday at London.

Michigan Outfights Fordham; Wins 78-57

By JOE MOOSHIL
AP Sports Writer

"One of our strengths is that we play together so well," said Coach Johnny Orr in assessing his No. 1 ranked Michigan basketball team before the opening of the season.

The Wolverines gave an indication of what Orr meant Saturday when they outfought Fordham 78-57 as five players scored in double figures led by Rickey Green's 17 points.

Dave Baxter had 13, Tom Staton and Steve Grote had 12 each and Phil Hubbard added 11 as the Wolverines posted their second victory in as many starts in a physically battering contest.

"I like to play physical but that's not what I call physical," said Orr. "When you drive in there and knock down people, that's not physical."

Illinois, Iowa, Minnesota, Purdue and Northwestern also were victorious Saturday as Big Ten teams hiked their record to 17-10 against inter-sectional foes. Ohio State and Michigan State were losers.

Illinois downed St. Louis 54-46 in the consolation game of the "Show Me" Classic, Iowa swept past Drake 86-71, Minnesota clobbered Detroit 104-80, Purdue defeated Providence 68-62 in overtime and Northwestern edged Ohio University 73-71. Michigan State dropped a 74-73 decision to Western Michigan and Ohio State lost at Virginia Tech 84-77.

Freshman Levi Cobb led Illinois with 14 points while Audie Matthews and Ken Ferdinand chipped in with 12 points each. Cobb put Illinois ahead to stay at 45-43 with 5½ minutes to play.

Bruce King scored 26 points and dominated the boards as Iowa rolled to its third straight victory and Mike Thompson pumped in 31 points to lead undefeated Minnesota to its second triumph of the season.

Gene Parker bagged eight points in overtime to lead Purdue past

Providence. Parker's 25-footer at the buzzer tied the score at 58 in regulation play. Purdue is now 2-2.

Free throws by Billy McKinney and Bob Hildebrand in the closing seconds lifted Northwestern to its second victory in four starts. McKinney led all scorers with 22 points while freshman Mike Campbell pitched in with 16.

Two free throws by Mike Reardon with 18 seconds remaining lifted Western Michigan past Michigan State to spoil the home opener of Spartan Coach Jud Heathcote. Bob Chapman led Michigan State with 25 points before fouling out.

Ohio State suffered its first loss in three starts at Virginia Tech although Larry Bolden scored 24 points and freshman Kelvin Ramsey added 20. But Tech shot a sizzling 63 per cent from the floor.

Six Big Ten teams will be in action Monday night including Michigan and fourth-ranked Indiana which will be making its first start since its streak-breaking 59-57 loss at Toledo last Wednesday night.

Michigan will be at Vanderbilt and Indiana hosts Kentucky. Bradley will be at Iowa, Northern Michigan at Minnesota, DePaul at Wisconsin and North Carolina at Michigan State.

Cincinnati Stingers Defeat Houston, 7-2

By THE ASSOCIATED PRESS

For a moment it looked like a mismatch, then the Cincinnati Stingers' high-powered offense started humming.

"Our kids were jumping out there, jumping all over the place," said Cincinnati Coach Terry Slater, after the Stingers trounced Houston 7-2 in a World Hockey Association game Sunday night.

National Football League. They have allowed only 28 points over those eight games. But unless Cincinnati loses one of its last two games, the Steelers, Super Bowl champions for the past two years, will not make the playoffs.

Since Cincinnati plays the lowly New York Jets next week, tonight's game should decide the American Football Conference Central Division crown and the final AFC playoff spot. Pittsburgh is 9-4. Cincinnati is 9-3. The Steelers will win the division if they end in a tie with the Bengals.

Meanwhile, New England dumped New Orleans 27-6, insuring itself of its first playoff berth. If the Pats win next week and Baltimore loses, New England will win the AFC East. If not, the Patriots will get into the playoffs as a wild card team.

Dallas wrapped up the National Football Conference East Division title with a 26-7 victory over Philadelphia. Washington kept its playoff hopes alive with a 37-16 romp over the New York Jets and Cleveland remained in the running for a playoff spot by edging Houston 13-10.

Elsewhere, Minnesota topped Green Bay 20-9, Miami outlasted Buffalo 45-27, San Diego downed San Francisco 13-7 in overtime, Denver shaded Kansas City 17-16, the New York Giants beat Detroit 24-10 and Chicago rocked Seattle 34-7.

In Saturday's games, St. Louis beat Baltimore 24-17 and Los Angeles embarrassed Atlanta 59-0.

Patriots 27, Saints 6

Steve Grogan ran for two touchdowns and threw for two for New England. Grogan has run for 11 TDs this season, tying him with Johnny Lujack of Chicago (1956) and Tobin Roke of Green Bay (1956) for the NFL record for quarterbacks. Fullback Don Calhoun, continuing to fill in for the injured Sam Cunningham, ran for 113 yards in 22 carries, his fourth straight 100-yard plus effort.

Cowboys 26, Eagles 7

Roger Staubach completed 22 of 29 passes for 253 yards and one touchdown as Dallas wrapped up its division championship for the eighth time in the last 11 years. Philadelphia managed only 42 yards through the air.

Redskins 37, Jets 16

Billy Kilmer threw for three touchdowns and John Riggins carried 19 times for 104 yards and scored twice against his former teammates. Washington is tied with St. Louis at 9-4 in the NFC East but has beaten the Cardinals twice this season. Thus, the Redskins can wrap up the NFC wild card playoff berth next Sunday by beating Dallas.

Browns 13, Oilers 10

Brian Spe tossed a 37-yard touchdown pass to Paul Warfield and Don Cockroft booted a pair of clutch field goals as surprising Cleveland won its fifth straight game, keeping its playoff hopes mathematically alive. The Browns can get into the playoffs only if they win their final game and both Pittsburgh and Cincinnati lose theirs. The Cleveland defense held Houston to just 58 yards rushing.

Vikings 20, Packers 9

Minnesota rolled up 414 yards in total offense to just 144 for Green Bay but needed a pair of one-yard touchdown plunges by Chuck Foreman in the fourth quarter to ice the game, played during a snowstorm with temperatures in the teens.

Dolphins 45, Bills 27

Freddie Solomon returned a punt 79 yards for one touchdown, ran 59 yards from scrimmage for another and scored a third on a 53-yard pass play for Miami. That helped offset another brilliant show by Buffalo's O.J. Simpson, who carried 24 times for 203 yards. It was Simpson's sixth 200-yard game, an NFL record. He gained 111 yards in the first quarter alone. Don Strock, who went all the way at quarterback in place of Bob Griese for the Dolphins, threw for two TDs and ran for a third.

Chargers 13, 49ers 7

Mercury Morris capped a nine-play, 93-yard San Diego drive by racing 13 yards around left end for a touchdown five minutes into overtime. Rickey Young picked up 40 yards in the drive in four carries.

Broncos 17, Chiefs 16

Rookie Craig Penrose, making his first NFL start, threw a pair of touchdown passes, but it took a 26-yard field goal by Jim Turner midway through the final quarter to give Denver its eighth victory of the season — the most ever for the Broncos. Mike Livingston passed for the first Kansas City touchdown and ran for the second.

Giants 24, Lions 10

Craig Morton hooked up with Ed Marshall on touchdown passes of 35 and 11 yards as New York, 3-10 overall, evened its record at 3-3 under Coach John McVay. Detroit, which lost the ball three times on fumbles and twice on pass interceptions, fell to 6-7.

Bears 34, Seahawks 7

Walter Payton rambled for 183 yards on 27 carries and Bob Avellini fired three touchdown passes within a three-minute span in the third quarter for Chicago. Payton, who had 114 yards in the first half, has gained 1,341 yards this season, breaking the club record of 1,231 set by Gale Sayers in 1966.

Red Sox Going After Vida Blue

LOS ANGELES (AP) — The Boston Red Sox, who were foiled in their attempt to land some of Charlie Finley's top talent last season, now have set their sights on acquiring Oakland pitching ace Vida Blue.

Most baseball officials were on hand Sunday for baseball's annual meetings which officially began today. Finley, whose A's have been depleted through defections, was not due until Tuesday, by which time the trading market should swing into full gear.

The Red Sox, who won the 1975 American League pennant but slipped to third place this year, realize they will have to make some moves to keep close to the 1976 champion New York Yankees. The Yanks grabbed two prize plums among the free agents — slugger Reggie Jackson and pitcher Don Gullett.

Baltimore, which finished second in the AL East, is considerably weaker with the loss of Jackson, second baseman Bobby Grich and 20-game winner Wayne Garland.

Finley dealt Blue to the Yankees last June 15 for \$1.5 million only to have the deal nullified by Commissioner Bowie Kuhn. The commissioner also killed Finley's \$2 million sale of outfielder Joe Rudi and reliever Rolie Fingers to the Red Sox on the same day. Finley is suing Kuhn and the case is scheduled to go to court in Chicago Dec. 13.

Subsequently Finley lost Rudi, Fingers, third baseman Sal Bando, catcher-first baseman Gene Tenace, shortstop Bert Campaneris and outfielder Don Baylor through the free agency route.

Shrine Bowl Win Goes To East, 24-8

CINCINNATI (AP) — Miami running back Rob Carpenter and three members of Youngstown State's backfield helped the East squad continue its domination in the All-Ohio Shrine Bowl Saturday.

Carpenter rushed for 101 yards on Riverfront Stadium's frozen surface to key a 24-8 runaway, giving the East its fourth victory in the five-year-old series.

The game was held in Cincinnati for the first time after four years in Columbus. Shrine officials said the bowl would return to Cincinnati again next year, although less than 2,000 fans turned out in 30 degree cold. Shriners announced the crowd at 12,000.

Carpenter, a two-time 1,000-yard rusher at Miami, ripped off a 33 yard touchdown run in the third quarter to boost the East to a commanding 24-0 lead. Named the game's Most Valuable Player, Carpenter and Youngstown quarterback Cliff Stoudt combined to give the East a well-balanced attack.

Stoudt, considered one of the top prospects among the bowl participants, didn't disappoint the contingent of talent scouts who showed up.

The 6-foot-4½ Stoudt completed nine of 17 passes for 161 yards, including a 21-yard touchdown pass to wide receiver Russ Musiel, also of Youngstown.

Stoudt, who broke Ron Jaworski's total offense mark at Youngstown, guided the East to a 12-0 halftime lead, with running back John Kinch of Youngstown and Mike Soeder of John Carroll scoring on three yard runs.

Stoudt was voted the game's outstanding back.

Flyers Bomb Barons, 6-2

By THE ASSOCIATED PRESS

Rick MacLeish has a goal this season. Actually, 50 of them.

That is the number he would like to hit in his pursuit of another 50-goal season, similar to three years ago.

"I'd like to get 20 by Christmas," says the Philadelphia Flyers' center, "and I think I can do it. I remember when I hit 50 goals, I had 19 by my birthday, Jan. 3."

Twenty goals by Christmas is not an unreasonable number, considering that MacLeish collected three Sunday night while leading the Flyers to a 6-2 victory over the Cleveland Barons. That gave him 17 so far this season.

MacLeish's second of three goals broke a 2-2 tie.

"On my first goal I knew he (Cleveland goalie Gary Simmons) wasn't sharp," said MacLeish. "He backed all the way into the net."

In other National Hockey League games Sunday night, the Washington Capitals and the Boston Bruins tied 5-5, the Buffalo Sabres turned back the Colorado Rockies 5-3, the Vancouver Canucks outscored the Chicago Black Hawks 4-2, and the New York Rangers and the Toronto Maple Leafs tied 5-5.

This qualifies McCollister for the State finals to be held Feb. 5-6 at the Classic Bowl in Canton. Randy Arledge placed second with a series of 2226 for an average of 185. Redskins Slaughter Cleveland State, 113-63

COLUMBUS, Ohio (AP) — Miami's basketball team is having no part of the act its football squad put on, a flop after being picked to win the Mid-American Conference title.

The Redskins, perhaps the most lopsided favorite ever to win the MAC basketball title, crunched Cleveland State 113-63 Saturday for a 2-0 start and Coach Darrell Hedric sounded almost apologetic.

"I can't tell the kids not to go in and score," said Hedric. "I said, 'Go out and play to your potential.'"

"Coach (Ray) Derringer thinks this is his most talented team. Cleveland State hasn't jelled yet."

Western Michigan, the MAC champion a year ago, showed no signs of falling off this season, ruining Michigan State's home debut 74-73. Mike Reardon's two free throws with 18 seconds left won it for the Broncos.

Elsewhere, all in nonconference games, Bowling Green thumped Findlay 98-69, Kent State held off rival Akron 80-78, Northern Illinois mastered Centenary 72-68 and Ohio University fell to Northwestern 73-71.

Miami, which jolted Big Ten power Purdue in its opener, ruined Cleveland State with numbers. Twelve Redskins scored, five in double figures led by 18 apiece by Rich Babcock and Archie Aldridge.

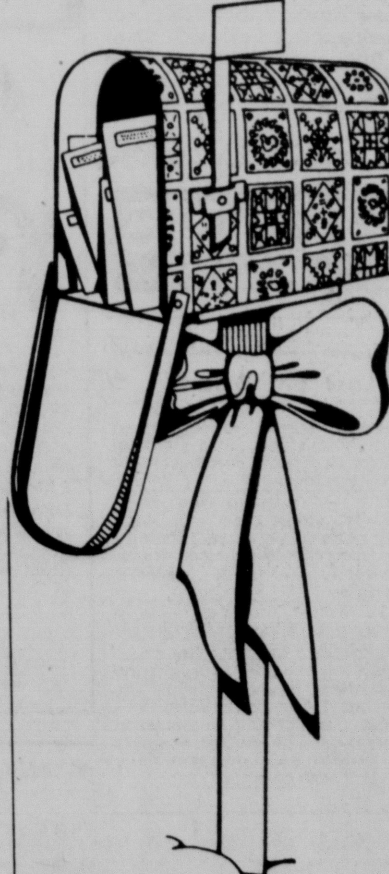

"The reserves did a super job," said Hedric. "I was just interested in getting my bench in some playing time."

Western Michigan overcame a 46-39 deficit at Michigan State, which lost three regulars on personal fouls. The Spartan departees included top scorer Bob Chapman, with 25 points.

The Broncos also lost all-conference center Tom Cutter on personals and relied on balanced scoring in his absence. Marty Murray led the parade with 12 points.

Billy McKinney, who scored 22 points, sank a foul shot with eight seconds left to clinch Northwestern's

AKRON, Ohio (AP) — "We go home and they go to the championship, but you can't come any closer without winning," intoned a drained Gil Krueger after his Northern Michigan team dropped a dramatic 29-26 overtime game to the University of Akron Saturday.

Akron's come-from-behind triumph in the Knute Rockne Bowl, a semifinal game in the NCAA Division II football championship, vaulted the Zips into next week's championship game against Montana State at Wichita Falls, Tex.

Elsewhere, Minnesota topped Green Bay 20-9. Miami outlasted Buffalo 45-27. San Diego downed San Francisco 13-7 in overtime. Denver shaded Kansas City 17-16, the New York Giants beat Detroit 24-10 and Chicago rocked Seattle 34-7.

In Saturday's games, St. Louis beat Baltimore 24-17 and Los Angeles embarrassed Atlanta 59-0.

Patriots 27, Saints 6

Steve Grogan ran for two touchdowns and threw for two for New England. Grogan has run for 11 TDs this season, tying him with Johnny Lujack of Chicago (1956) and Tobin Rote of Green Bay (1956) for the NFL record for quarterbacks. Fullback Don Calhoun, continuing to fill in for the injured Sam Cunningham, ran for 113 yards in 22 carries, his fourth straight 100-yard plus effort.

Cowboys 26, Eagles 7

Roger Staubach completed 22 of 29 passes for 253 yards and one touchdown as Dallas wrapped up its division championship for the eighth time in the last 11 years. Philadelphia managed only 42 yards through the air.

Redskins 37, Jets 16

Billy Kilmer threw for three touchdowns and John Riggins carried 19 times for 104 yards and scored twice against his former teammates. Washington is tied with St. Louis at 9-4 in the NFC East but has beaten the Cardinals twice this season. Thus, the Redskins can wrap up the NFC wild card playoff berth next Sunday by beating Dallas.

Browns 13, Oilers 10

Brian Spe tossed a 37-yard touchdown pass to Paul Warfield and Don Cockroft booted a pair of clutch field goals as surprising Cleveland won its fifth straight game, keeping its playoff hopes mathematically alive. The Browns can get into the playoffs only if they win their final game and both Pittsburgh and Cincinnati lose theirs. The Cleveland defense held Houston to just 38 yards rushing.

Vikings 20, Packers 9

Minnesota rolled up 414 yards in total offense to just 144 for Green Bay but needed a pair of one-yard touchdown plunges by Chuck Foreman in the fourth quarter to ice the game, played during a snowstorm with temperatures in the teens.

Dolphins 45, Bills 27

Freddie Solomon returned a punt 79 yards for one touchdown, ran 59 yards from scrimmage for another and scored a third on a 53-yard pass play for Miami. That helped offset another brilliant show by Buffalo's O.J. Simpson, who carried 24 times for 263 yards. It was Simpson's sixth 200-yard game, an NFL record. He gained 111 yards in the first quarter alone. Don Strock, who went all the way at quarterback in place of Bob Griese for the Dolphins, threw for two TDs and ran for a third.

Chargers 13, 49ers 7

Mercury Morris capped a nine-play, 93-yard San Diego drive by racing 13 yards around left end for a touchdown five minutes into overtime. Rickey Young picked up 40 yards in the drive in four carries.

Broncos 17, Chiefs 16

Rookie Craig Penrose, making his first NFL start, threw a pair of touchdown passes, but it took a 20-yard field goal by Jim Turner midway through the final quarter to give Denver its eighth victory of the season — the most ever for the Broncos. Mike Livingston passed for the first Kansas City touchdown and ran for the second.

Giants 24, Lions 10

Craig Morton hooked up with Ed Marshall on touchdown passes of 35 and 11 yards as New York, 3-10 overall, evened its record at 3-3 under Coach John McVay. Detroit, which lost the ball three times on fumbles and twice on pass interceptions, fell to 6-7.

Bears 34, Seahawks 7

Walter Payton rambled for 183 yards on 27 carries and Bob Avellini fired three touchdown passes within a three-minute span in the third quarter for Chicago. Payton, who had 114 yards in the first half, has gained 1,341 yards this season, breaking the club record of 1,231 set by Gale Sayers in 1966.

Michigan Outfights Fordham; Wins 78-57

By JOE MOOSHIL
AP Sports Writer

"One of our strengths is that we play together so well," said Coach Johnny Orr in assessing his No. 1 ranked Michigan basketball team before the opening of the season.

The Wolverines gave an indication of what Orr meant Saturday when they outfought Fordham 78-57 as five players scored in double figures led by Rickey Green's 17 points.

Dave Baxter had 13, Tom Staton and Steve Grote had 12 each and Phil Hubbard added 11 as the Wolverines posted their second victory in as many starts in a physically battering contest.

"I like to play physical but that's not what I call physical," said Orr. "When you drive in there and knock down people, that's not physical."

Illinois, Iowa, Minnesota, Purdue and Northwestern also were victorious Saturday as Big Ten teams hiked their record to 17-10 against intersectional foes. Ohio State and Michigan State were losers.

Illinois downed St. Louis 54-46 in the consolation game of the "Show Me" Classic, Iowa swept past Drake 86-71, Minnesota clobbered Detroit 104-80, Purdue defeated Providence 68-62 in overtime and Northwestern edged Ohio University 73-71. Michigan State dropped a 74-73 decision to Western Michigan and Ohio State lost at Virginia Tech 84-77.

Freshman Levi Cobb led Illinois with 14 points while Audie Matthews and Ken Ferdinand chipped in with 12 points each. Cobb put Illinois ahead to stay at 45-43 with 5½ minutes to play.

Bruce King scored 26 points and dominated the boards as Iowa rolled to its third straight victory and Mike Thompson pumped in 31 points to lead undefeated Minnesota to its second triumph of the season.

Gene Parker bagged eight points in overtime to lead Purdue past

Providence. Parker's 25-footer at the buzzer tied the score at 58 in regulation play. Purdue is now 2-2.

Free throws by Billy McKinney and Bob Hildebrand in the closing seconds lifted Northwestern to its second victory in four starts. McKinney led all scorers with 22 points while freshman Mike Campbell pitched in with 16.

Two free throws by Mike Reardon with 18 seconds remaining lifted Western Michigan past Michigan State to spoil the home opener of Spartan Coach Jud Heathcote. Bob Chapman led Michigan State with 25 points before fouling out.

Ohio State suffered its first loss in three starts at Virginia Tech although Larry Bolden scored 24 points and freshman Kelvin Ramsey added 20. But Tech shot a sizzling 63 per cent from the floor.

Six Big Ten teams will be in action Monday night including Michigan and fourth-ranked Indiana which will be making its first start since its streak-breaking 59-57 loss at Toledo last Wednesday night.

Michigan will be at Vanderbilt and Indiana hosts Kentucky. Bradley will be at Iowa, Northern Michigan at Minnesota, DePaul at Wisconsin and North Carolina at Michigan State.

Cincinnati Stingers Defeat Houston, 7-2

By THE ASSOCIATED PRESS

For a moment it looked like a mismatch, then the Cincinnati Stingers' high-powered offense started humming.

"Our kids were jumping out there, jumping all over the place," said Cincinnati Coach Terry Slater, after the Stingers trounced Houston 7-2 in a World Hockey Association game Sunday night.

GOT ONE — Robert Carder, 7961 Route 56 East, holds the head of an eight point buck he bagged with a 30-6 rifle in Clarksburg, W. Va., Harrison County. The buck field dressed at 180 pounds.

Red Sox Going After Vida Blue

LOS ANGELES (AP) — The Boston Red Sox, who were foiled in their attempt to land some of Charlie Finley's top talent last season, now have set their sights on acquiring Oakland pitching ace Vida Blue.

Most baseball officials were on hand Sunday for baseball's annual meetings which officially began today. Finley, whose A's have been depleted through defections, was not due until Tuesday, by which time the trading market should swing into full gear.

The Red Sox, who won the 1975 American League pennant but slipped to third place this year, realize they will have to make some moves to keep close to the 1976 champion New York Yankees. The Yanks grabbed two prize plums among the free agents — slugger Reggie Jackson and pitcher Don Gullett.

Baltimore, which finished second in the AL East, is considerably weaker with the loss of Jackson, second baseman Bobby Grich and 20-game winner Wayne Garland.

Finley dealt Blue to the Yankees last June 15 for \$1.5 million only to have the deal nullified by Commissioner Bowie Kuhn. The commissioner also killed Finley's \$2 million sale of outfielder Joe Rudi and reliever Rollie Fingers to the Red Sox on the same day. Finley is suing Kuhn and the case is scheduled to go to court in Chicago Dec. 13.

Subsequently Finley lost Rudi, Fingers, third baseman Sal Bando, catcher-first baseman Gene Tenace, shortstop Bert Campaneris and outfielder Don Baylor through the free agency route.

Shrine Bowl Win Goes To East, 24-8

CINCINNATI (AP) — Miami running back Rob Carpenter and three members of Youngstown State's backfield helped the East squad continue its domination in the All-Ohio Shrine Bowl Saturday.

Carpenter rushed for 101 yards on Riverfront Stadium's frozen surface to key a 24-8 runaway, giving the East its fourth victory in the five-year-old series.

The game was held in Cincinnati for the first time after four years in Columbus. Shrine officials said the bowl would return to Cincinnati again next year, although less than 2,000 fans turned out in 30 degree cold. Shriners announced the crowd at 12,000.

Carpenter, a two-time 1,000-yard rusher at Miami, ripped off a 33 yard touchdown run in the third quarter to boost the East to a commanding 24-0 lead. Named the game's Most Valuable Player, Carpenter and Youngstown quarterback Cliff Stoudt combined to give the East a well-balanced attack.

Stoudt, considered one of the top prospects among the bowl participants, didn't disappoint the contingent of talent scouts who showed up.

The 6-foot-4½ Stoudt completed nine of 17 passes for 161 yards, including a 21-yard touchdown pass to wide receiver Russ Musiel, also of Youngstown.

Stoudt, who broke Ron Jaworski's total offense mark at Youngstown, guided the East to a 12-0 halftime lead, with running back John Kinch of Youngstown and Mike Soeder of John Carroll scoring on three yard runs.

Stoudt was voted the game's outstanding back.

Flyers Bomb Barons, 6-2

By THE ASSOCIATED PRESS

Rick MacLeish has a goal this season. Actually, 50 of them.

That is the number he would like to hit in his pursuit of another 50-goal season, similar to three years ago.

"I'd like to get 20 by Christmas," says the Philadelphia Flyers' center, "and I think I can do it. I remember when I hit 50 goals, I had 19 by my birthday, Jan. 3."

Twenty goals by Christmas is not an unreasonable number, considering that MacLeish collected three Sunday night while leading the Flyers to a 6-2 victory over the Cleveland Barons. That gave him 17 so far this season.

MacLeish's second of three goals broke a 2-2 tie.

"On my first goal I knew he (Cleveland goalie Gary Simmons) wasn't sharp," said MacLeish. "He backed all the way into the net."

In other National Hockey League games Sunday night, the Washington Capitals and the Boston Bruins tied 5-5, the Buffalo Sabres turned back the Colorado Rockies 5-3, the Vancouver Canucks outscored the Chicago Black Hawks 4-2, and the New York Rangers and the Toronto Maple Leafs tied 5-5.

SPORTS

The Circleville Herald, Monday December 6, 1976 13

KING PIN — Dick McCollister took first place in the B.P.A.O. State singles qualifiers Saturday at Prairie Lanes. McCollister topped the 32-man field with 2385 pins for 12 games and an average of 198. This qualifies McCollister for the State finals to be held Feb. 5-6 at the Classic Bowl in Canton. Randy Arledge placed second with a series of 2226 for an average of 185. Ernie Evans was third with 2225 for a 185 average. Pictured from the left, first row, Randy Arledge and Dick McCollister. Second row, Fred Hoover, proprietor, Ernie Evans, and Larry Dietrich, proprietor. The plaque was awarded to McCollister by Prairie Lanes.

Redskins Slaughter Cleveland State, 113-63

COLUMBUS, Ohio (AP) — Miami's basketball team is having no part of the act its football squad put on, a flop after being picked to win the Mid-American Conference title.

The Redskins, perhaps the most lopsided favorite ever to win the MAC basketball title, crunched Cleveland State 113-63 Saturday for a 2-0 start and Coach Darrell Hedric sounded almost apologetic.

"I can't tell the kids not to go in and score," said Hedric. "I said, 'Go out and play to your potential.'"

"Coach (Ray) Derringer thinks this is his most talented team. Cleveland State hasn't jelled yet."

Western Michigan, the MAC champion a year ago, showed no signs of falling off this season, ruining Michigan State's home debut 74-73. Mike Reardon's two free throws with 18 seconds left won it for the Broncos.

Elsewhere, all in nonconference games, Bowling Green thumped Findlay 98-69, Kent State held off rival Akron 80-78, Northern Illinois mastered Centenary 72-68 and Ohio University fell to Northwestern 73-71.

Miami, which jolted Big Ten power Purdue in its opener, ruined Cleveland State with numbers. Twelve Redskins scored, five in double figures led by 18 apiece by Rich Babcock and Archie Aldridge.

"The reserves did a super job," said Hedric. "I was just interested in getting my bench in some playing time."

Western Michigan overcame a 46-39 deficit at Michigan State, which lost three regulars on personal fouls. The Spartan departees included top scorer Bob Chapman, with 25 points.

The Broncos also lost all-conference center Tom Cutter on personals and relied on balanced scoring in his absence. Marty Murray led the parade with 12 points.

Billy McKinney, who scored 22 points, sank a foul shot with eight seconds left to clinch Northwestern's

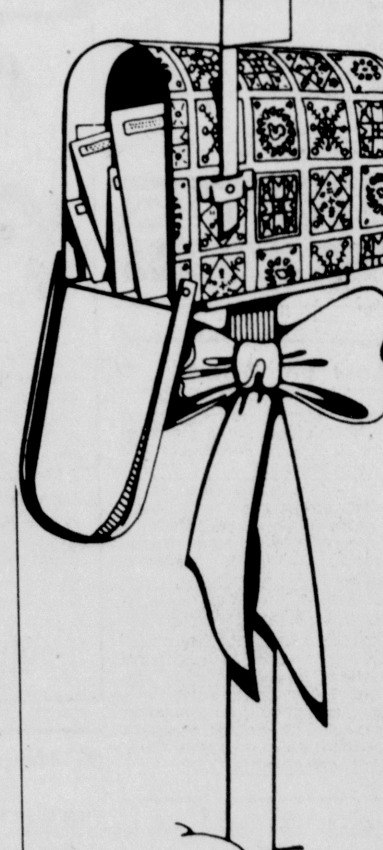

Akron Turns Back Northern Michigan

AKRON, Ohio (AP) — "We go home and they go to the championship, but you can't come any closer without winning," intoned a drained Gil Krueger after his Northern Michigan team dropped a dramatic 29-26 overtime game to the University of Akron Saturday.

Akron's come-from-behind triumph in the Knute Rockne Bowl, a semifinal game in the NCAA Division II football championship, vaulted the Zips into next week's championship game against Montana State at Wichita Falls, Tex.

Pete Conaty of East Carolina kicked 10 field goals in as many attempts in his team's first four games in 1976.

Your Views On Tiger

LOS ANGELES (AP) — CBS has this private eye series called "Switch." It has an ex-cop teamed with a former con man. Together, they solve crimes.

Now consider: ABC tonight is airing one episode of its postponed "Feather and Father" series. Feather is a young lady lawyer, Father a former con man who investigates for her. Together, they solve crimes.

Anyone tells you networks fear fresh ideas, you tell him to go smoke a banana.

ABC's innovation stars Stefanie Powers as the lady barrister and Harold Gould as her flim-flam father.

Tonight's yarn concerns a two-star Air Force general (William Windom) who illegally profited in a \$22-million defense contract award by giving inside information to the award-winning aircraft company.

The general, who is driven about by a clean-cut young sergeant, is being blackmailed by a former accountant for the aircraft company. The bookkeeper wants big hush money.

Whereupon the general drives over him in a car. The sergeant, not in the car at the time, winds up framed on charges of manslaughter and hit-and-run driving. Enter Feather, defense attorney.

Enter Father, investigator, when the sergeant sees a newspaper picture of the departed and thinks the general knew him somewhere.

Enter four of Father's old bunco artist cronies. A plot is hatched to deceive the general, break his air-tight alibi, free the sergeant and make the guilty party a two-star prisoner.

The various flim-flams laid on the general are fairly amusing, but mercy, the scenes, dialogue and plot-work leading up to all this could make a show called "The Original Amateur Half-Hour."

As a series, "Feather and Father" was to begin this fall on Saturdays at 10 p.m. EST, until ABC temporarily shelved it.

Now that ABC says it has scheduled one episode for 8 p.m. EST in most parts of the nation, the show is getting what amounts to a try-out in television's sanitized "family hour" period.

Readers may recall that a federal judge here recently declared unconstitutional the "family hour" part of the National Association of Broadcasters' code to which all three networks subscribe.

He didn't outlaw the "family hour," only its inclusion in an industry-wide code of conduct. Still, ABC, with CBS and the NAB, plans to appeal the judge's ruling.

Which makes one early scene in tonight's "Feather and Father" seem a bit odd for ABC's family hour fare — the scene in which the general cold-bloodedly drives over the guy blackmailing him.

Neither the actual impact nor blood were depicted in the version we saw in advance. But we did see the victim tumbling about before horrified witnesses as the general's car sped away.

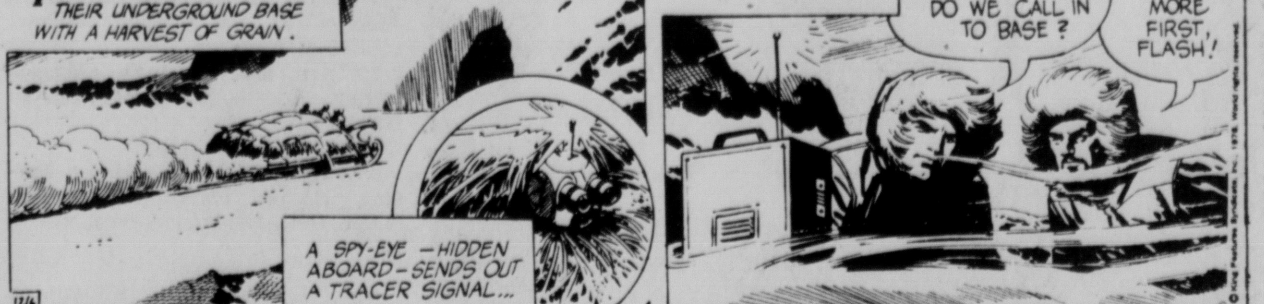

If you watch the show tonight, see if this version airs. If it does, the general may face two serious charges: (a) running over a blackmailer, and (b) running over a family hour.

The "Dog Days" of July and August — when Sirius, the Dog Star, rises with the sun — were blamed by ancient Romans for summer sickness, drought, and the death of farm animals.

SONG AND DANCE — The University of Tampa boasts its own "Great White Way" in the vibrant and versatile Show Chorus, 21 students who share a love for music and Broadway. Forrest (Allen) Dray Jr. of Circleville, is a member of the troupe shown during a community performance with coed Julie Thomas. The son of Forrest and Eloise Dray, Forrest is majoring in marine biology at the University of Tampa. Currently he is busy rehearsing for the Dec. 6 fall campus concert of Show Chorus featuring songs from "The King and I" and "Gypsy." When not in the spotlight, Forrest is active as a member of the Student Government Association and McKay Dorm Council. A college sophomore, he is a graduate of Circleville High School.

Senior Citizens Special Guests At Christmas Play

Senior Citizens are invited to be special guests at the Ohio Dominican College Christmas Concert on campus Dec. 12.

The ODC concert choir will join with the choir of St. Mark's Episcopal Church, Upper Arlington, in a presentation of the Christmas portion of Handel's "Messiah." In addition to the oratorio selections the college singers will present "Sing We Now Christmas" by Harry Simion.

The concert begins at 8:30 p.m. in the Erskine Little Theatre and is open free to all senior citizens. There is admission for other adults and children.

A reception on the ODC campus will follow the performance. For more information call 253-2741.

FBI Agent Debunks Crime-Poverty Link

NEWARK, Ohio (AP) — "Criminals are people who never have jobs when jobs are plentiful," said Thomas Mitchell, special agent in charge of the FBI's Columbus office, after speaking at the Rotary Club here.

His statement was aimed at debunking the theory that crime and poverty are interrelated.

"Crime can be controlled," he said, but it "...will not change until we change the minds and hearts of people."

The special agent discoursed on crime and criminals during more specific comments about the role of the FBI in the investigation of the kidnapping of James J. Crawford, 25, an assistant branch manager for the National Bank of Detroit, and the subsequent trial of John S. Garside who was convicted two weeks ago of the crime.

Garside, 40, of Detroit, faces death penalty specifications as a result of his conviction of the aggravated murder of Crawford.

During his trial Garside included in his defense his claim that he was

working with the FBI through a former agent to catch Chester Wysocki, 39, of Farmington, Mich., a coconspirator in the case.

Garside was an FBI informant between July 1973 and June 1975.

Mitchell stated that the FBI would not have allowed the concurrent bank robbery to proceed if agents had known it was to take place through Garside's tips.

"If an agent had known of the robbery from Garside, there should be another man on trial," Mitchell said.

Returning to his more philosophical discussion of crime, Mitchell sought to involve individuals in the control of crime claiming it touches everyone financially. A big part of government spending at all levels, he said, goes for crime control. Much of the cost of insurance he attributed to auto thefts and home burglaries.

He noted that bank robberies in Columbus were happening once a week during the 1974-1975 period. He said the rate was cut in half through a program of involving bank workers and other citizens in watching for and reporting suspicious activity.

SONG AND DANCE — The University of Tampa boasts its own "Great White Way" in the vibrant and versatile Show Chorus, 21 students who share a love for music and Broadway. Forrest (Allen) Dray Jr. of Circleville, is a member of the troupe shown during a community performance with coed Julie Thomas. The son of Forrest and Eloise Dray, Forrest is majoring in marine biology at the University of Tampa. Currently he is busy rehearsing for the Dec. 6 fall campus concert of Show Chorus featuring songs from "The King and I" and "Gypsy." When not in the spotlight, Forrest is active as a member of the Student Government Association and McKay Dorm Council. A college sophomore, he is a graduate of Circleville High School.

FBI Agent Debunks Crime-Poverty Link

NEWARK, Ohio (AP) — "Criminals are people who never have jobs when jobs are plentiful," said Thomas Mitchell, special agent in charge of the FBI's Columbus office, after speaking at the Rotary Club here.

His statement was aimed at debunking the theory that crime and poverty are interrelated.

"Crime can be controlled," he said, but it "...will not change until we change the minds and hearts of people."

The special agent discoursed on crime and criminals during more specific comments about the role of the FBI in the investigation of the kidnap-murder of James J. Crawford, 25, an assistant branch manager for the National Bank of Detroit, and the subsequent trial of John S. Garside who was convicted two weeks ago of the crime.

Garside, 40, of Detroit, faces death penalty specifications as a result of his conviction of the aggravated murder of Crawford.

During his trial Garside included in his defense his claim that he was

working with the FBI through a former agent to catch Chester Wysocki, 39, of Farmington, Mich., a conspirator in the case.

Garside was an FBI informant between July 1973 and June 1975.

Mitchell stated that the FBI would not have allowed the concurrent bank robbery to proceed if agents had known it was to take place through Garside's tips.

"If an agent had known of the robbery from Garside, there should be another man on trial," Mitchell said.

Returning to his more philosophical discussion of crime, Mitchell sought to involve individuals in the control of crime claiming it touches everyone financially. A big part of government spending at all levels, he said, goes for crime control. Much of the cost of insurance he attributed to auto thefts and home burglaries.

He noted that bank robberies in Columbus were happening once a week during the 1974-1975 period. He said the rate was cut in half through a program of involving bank workers and other citizens in watching for and reporting suspicious activity.

Senior Citizens Special Guests At Christmas Play

Senior Citizens are invited to be special guests at the Ohio Dominican College Christmas Concert on campus Dec. 12.

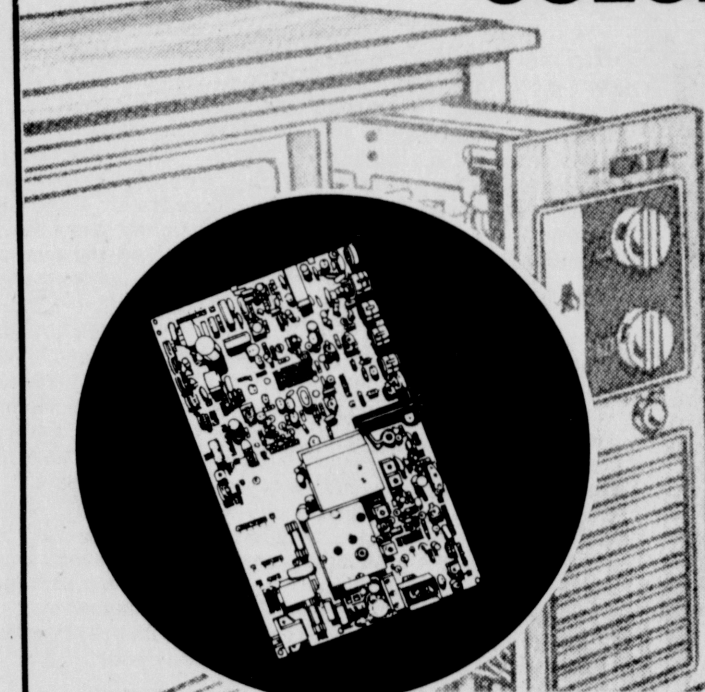

The ODC concert choir will join with the choir of St. Mark's Episcopal Church, Upper Arlington, in a presentation of the Christmas portion of Handel's "Messiah." In addition to the oratorio selections the college singers will present "Sing We Now Christmas" by Harry Simon.

The concert begins at 8:30 p.m. in the Erskine Little Theatre and is open free to all senior citizens. There is admission for other adults and children.

A reception on the ODC campus will follow the performance. For more information call 253-2741.
